TEXAS STATE CONFERENCE OF NAACP BRANCHES, et al.,

Plaintiffs,

v.

JOHN STEEN, et al.,

Defendants.

UNITED STATES’ SECOND SET OF REQUESTS FOR PRODUCTION OF DOCUMENTS

Pursuant to Rule 34 of the Federal Rules of Civil Procedure, the United States of America requests that Defendants the State of Texas, John Steen, and Steve McCraw (Defendants) identify and produce the documents and items requested below for inspection and copying and deliver copies to counsel for United States by December 26, 2013.

INSTRUCTIONS AND DEFINITIONS

1. “Defendants” means defendants State of Texas, John Steen, and Steve McCraw and any of their past and present agents, advisors, employees, representatives, attorneys, consultants, contractors, or other persons or entities acting on behalf of defendants or subject to defendants’ control.

2. “SB 14” means 2011 Texas General Laws Chapter 123, which amends the Texas Transportation Code relating to the issuance of election identification certificates, and which amends the Texas Election Code relating to procedures for implementing the photographic identification requirements for voting in the State of Texas.
3. In construing these requests, apply the broadest construction, so as to produce the most comprehensive response. Construe the terms “and” and “or” either disjunctively or conjunctively as necessary to bring within the scope of the request all responses that might otherwise be construed to be outside that scope. Words used in the masculine gender include the feminine, and words used in the singular include the plural.

4. Consistent the Agreement Concerning Production Format (Nov. 4, 2013) (ECF No. 61-6), the United States requests that Defendants meet and confer to plan and execute the orderly and accurate production of the database excerpts requested below no later than December 10, 2013, and as part of such a meeting, include the custodians of the databases referenced below, as well as technicians with sufficient knowledge to explain the content and format of the databases and requested fields.

5. For each request for the production of database excerpts, the United States requests that all productions share a common snapshot date of December 6, 2013. In the event that the State is unable to produce data current as of December 6, 2013, the United States requests that Texas initiate a meet and confer in order to agree upon a common alternative snapshot date.
