You won't believe this.

Remember last week when I told you that Congressman Steve Driehaus of Cincinnati, Ohio was attempting to use a criminal statute to silence the SBA List in our effort to inform his constituents that his vote for Obamacare was a vote for taxpayer funded abortion?

A three-member panel of the Ohio Election Commission just voted 2-1 to allow Rep. Driehaus' claim to proceed. That means there will be a full-blown hearing of the Ohio Election Commission where they could fine us thousands of dollars and even send Marjorie to jail for up to six months.

I know how generous you have already been this year, but please, we need your immediate contribution to help us fight this outrageous infringement of free speech that could even go so far as to result in jail time for Marjorie.

Since we were first betrayed by members of the Rep. Bart Stupak's coalition in March, the SBA List has been working to inform constituents that their Representative's vote for the health care bill was a vote for taxpayer funding for abortion. Rep. Steve Driehaus was one of those who handed Nancy Pelosi and President Obama the final votes they needed to pass Obamacare and he doesn't like that we were sharing the truth with his constituents, who are pro-life by an overwhelming majority.

We absolutely cannot back down, but we need you to stand with us now. Please help us defend ourselves and redouble our efforts to share the truth about Rep. Driehaus' vote with his constituents. Please stand with us now by contributing the most you can.
Rep. Driehaus knows the truth and wants to hide it. Obamacare allows for our tax dollars to fund abortion. Doug Johnson, Legislative Director of the National Right to Life Committee filed a 23-page affidavit on the SBA List’s behalf, explaining how the bill allows federal dollars to be spent on abortion. This is a position held by every major pro-life organization in the country and the United States Conference of Catholic Bishops.

A Member of Congress is using a criminal statute in an attempt to intimidate a pro-life organization, and take away our constitutionally-protected right to freedom of speech.

we will not be intimidated and we will stand strong because we know that the truth is on our side.

Steve Driehaus’ constituents deserve to know the truth, freedom of speech must remain protected in this country, and most importantly, innocent unborn lives need our protection from this terrible bill.

We need your financial support more than ever as we fight this attack designed to drain us of both our time and resources in the fight to save unborn lives.

Will you stand with the Susan B. Anthony List today and help us stand up to a politician who is trying to silence us?

As I said before, I will continue to keep you updated from now through the hearing. Marjorie and I, and the whole SBA List team appreciate your prayers as we defend the truth and work to save unborn children from the violence of abortion.

For Life,

Emily Buchanan
