Title 21. Elections (Refs & Annos)
  § Chapter 2. Elections and Primaries Generally (Refs & Annos)
  § Article 6. Registration of Voters (Refs & Annos)

§ 21-2-220. Applications for registration; failure to provide required information or giving false information; registration assistance

(a) Any person desiring to register as an elector shall apply to do so by making application to a registrar or deputy registrar of such person's county of residence in person, by submission of the federal post card application form as authorized under Code Section 21-2-219, by making application through the Department of Driver Services as provided in Code Section 21-2-221, by making application through the Department of Natural Resources as provided in Code Section 21-2-221.1, by making application through designated offices as provided in Code Section 21-2-222, or by making application by mail as provided in Code Section 21-2-223.

(b) Notwithstanding any other provision of this title, whenever a person makes application to register in person or through the means specified in this Code section, the person authorized to offer registration shall inquire as to whether the individual seeking registration is a citizen of the United States, and the person offering registration shall not be required to offer registration to an individual who answers such inquiry with a negative response.

(c) Except as otherwise provided in this subsection, electors who register to vote for the first time in this state by mail must present current and valid identification either when registering to vote by mail or when voting for the first time after registering to vote by mail. The current and valid identification shall be one or more of those forms of identification provided in subsection (c) of Code Section 21-2-417 or a legible copy thereof. The registrars shall make copies of any original forms of identification submitted by applicants and return the originals to the applicants. The requirement to submit identification shall not apply to:

(1) Persons who submit identifying information with their applications that the registrars are able to match to information contained on a state data base available to such registrars containing the same number, name, and date of birth as contained in the application;

(2) Persons who are entitled to vote by absentee ballot under the federal Uniformed and Overseas Citizens Absentee Voting Act, 42 U.S.C. Section 1973ff, et seq.; or

(3) Persons who are entitled to vote otherwise than in person under any other federal law.

(d) If an applicant fails to provide all of the required information on the application for voter registration with the exception of current and valid identification, the board of registrars shall notify the registrant in writing of the missing information. The board of registrars shall not determine the eligibility of the applicant until and unless all required information is supplied by the applicant. If the initial application is received prior to the close of voter registration prior to an election, if the applicant supplies the necessary information on or prior to the date of the election, and if the applicant is found eligible to vote, the applicant shall be added to the list of electors and shall be permitted to vote in the election and any run-off elections resulting therefrom and subsequent elections; provided, however, that voters who registered to vote for the first time in this state by mail must supply current and valid identification when voting for the first time as required in subsection (c) of this Code section. In the event the

elector does not respond to the request for the missing information within 30 days, the application shall be rejected.

(e) If an applicant submits false information, the board of registrars shall reject the application and shall refer the application to the district attorney of the county for criminal prosecution. If the false information is not discovered until after the applicant's application has been approved and the applicant's name added to the list of electors, the giving of such false information shall be cause to challenge the applicant's right to remain on the list of electors, which, if sustained, shall result in such applicant's name being removed from the list and the application being submitted to the district attorney of the county for criminal prosecution.

(f) A person registering to vote who is disabled or illiterate may request assistance from any other person in completing the form for registration, but the person offering assistance shall sign the voter registration form in the space provided to identify the person offering assistance.

(g) The registrars shall note on their records and the electors list any elector who registers by mail for the first time in this state and does not provide the identification required by subsection (c) of this Code section.

NOTES OF DECISIONS

Construction with federal law

1. Construction with federal law

State of Georgia violated Voting Rights Act by denying right to vote to prospective voters who refused to disclose their social security number on registration form. Schwier v. Cox, 2005, 412 F.Supp.2d 1266, affirmed 439 F.3d 1285. Elections ☐ 12(2.1)

Registration form distributed to voters, soliciting disclosure of social security numbers, violated Privacy Act by stating that disclosure was mandatory, when it was in fact voluntary. Schwier v. Cox, 2005, 412 F.Supp.2d 1266, affirmed 439 F.3d 1285. Records ☐ 31

State of Georgia did not maintain system of records compelling disclosure of social security numbers prior to effective date of Privacy Act, precluding application of grandfather clause exception to Act's general prohibition of any denial of rights of benefits to person refusing to disclose number; while state statute provided for voter registration cards, including a blank for social security numbers, 54 out of 78 counties either accepted cards lacking that information outright or accepted cards and tried to find out social security numbers later. Schwier v. Cox, 2005, 412 F.Supp.2d 1266, affirmed 439 F.3d 1285. Records ☐ 31

HISTORICAL NOTES

OPINIONS OF ATTORNEY GENERAL

Change of registration by person moving.

A person is eligible to file nomination papers if he is moving and will change his

election district in September, since county registers are open to registration for person seeking to vote in the general election through 4:30 P.M. on the 26th (now 30th) day prior to the general election under this section, so a person moving in September would be able to change his registration and meet the qualified voter requirement of Haw. Const., Art. 3, § 7. Op. Att'y Gen. No. 74-15 (1974).

Alien becoming naturalized citizen just prior to election is not eligible to vote in the election, since the person in question will not be able to register prior to the closing of the county register. However, upon his registration, he will be entitled to vote in future state and local elections. Op. Att'y Gen. No. 59-50 (1959) (decided under prior law).

§ 4-50. Grace period. Notwithstanding any other provision of this Code to the contrary, each election authority shall establish procedures for the registration of voters and for change of address during the period from the close of registration for a primary or election and until the 14th day before the primary or election. During this grace period, an unregistered qualified elector may register to vote, and a registered voter may submit a change of address form, in person in the office of the election authority or at a voter registration location specifically designated for this purpose by the election authority. The election authority shall register that individual, or change a registered voter's address, in the same manner as otherwise provided by this Article for registration and change of address.

If a voter who registers or changes address during this grace period wishes to vote at the first election or primary occurring after the grace period, he or she must do so by grace period voting, either in person in the office of the election authority or at a location specifically designated for this purpose by the election authority, or by mail, at the discretion of the election authority. Grace period voting shall be in a manner substantially similar to voting under Article 19.

Within one day after a voter casts a grace period ballot, the election authority shall transmit the voter's name, street address, and precinct, ward, township, and district numbers, as the case may be, to the State Board of Elections, which shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. The name of each person issued a grace period ballot shall also be placed on the appropriate precinct list of persons to whom absentee and early ballots have been issued, for use as provided in Sections 17-9 and 18-5.

A person who casts a grace period ballot shall not be permitted to revoke that ballot and vote another ballot with respect to that primary or election. Ballots cast by persons who register or change address during the grace period must be transmitted to and counted at the election authority's central ballot counting location and shall not be transmitted to and counted at precinct polling places. The grace period ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

During the 27 days immediately preceding any election there shall be no registration of voters at the office of the Board of Election Commissioners in cities, villages and incorporated towns of fewer than 200,000 inhabitants. In cities, villages and incorporated towns of 200,000 or more inhabitants, there shall be no registration of voters at the office of the Board of Election Commissioners during the 35 days immediately preceding any election; provided, however, where no precinct registration is being conducted prior to any election then registration may be taken in the office of the Board up to and including the 28th day prior to such election. NOTES OF DECISIONS

Access to records 2
Time limitation 1

1. Time limitation

Limitations on county's obligation to provide computerized tape of voter registration records, found in public records law, were not rendered inapplicable by fact that tapes contained more information on voters than was required by statute. Laudig v. Marion County Bd. of Voters Registration, 1992, 585 N.E.2d 700, transfer denied. Elections § 111

2. Access to records

Public did not become entitled to copy of computer tape containing county voter registration records by virtue of fact that county voters registration board had provided list of voters to precinct inspectors in written form and to county chairpersons in computer form. Laudig v. Marion County Bd. of Voters Registration, 1992, 585 N.E.2d 700, transfer denied. Elections 111

SUBTITLE 1. ELECTIONS [CHS. 39-63A]
CHAPTER 48A. VOTER REGISTRATION
SUBCHAPTER II. QUALIFICATIONS TO REGISTER TO VOTE

48A.9. Voter registration deadlines

1. Registration closes at five p.m. eleven days before each election except primary and general elections. For primary and general elections, registration closes at five p.m. ten days before the election. An eligible elector may register during the time registration is closed in the elector’s precinct but the registration shall not become effective until registration opens again in the elector’s precinct, except as otherwise provided in section 48A.7A.

2. The commissioner’s office shall be open from eight a.m. until at least five p.m. on the day registration closes before each regularly scheduled election. However, if the last day to register to vote for a regularly scheduled election falls on the day after Thanksgiving, the deadline shall be the following Monday.

3. A registration form submitted by mail shall be considered on time if it is postmarked no later than the fifteenth day before the election, even if it is received by the commissioner after the deadline, or if the registration form is received by the commissioner no later than five p.m. on the last day to register to vote for an election, even if it is postmarked after the fifteenth day before the election.

4. Registration forms submitted to voter registration agencies, to motor vehicle driver’s license stations, and to county treasurer’s offices participating in county issuance of driver’s licenses under chapter 321M shall be considered on time if they are received no later than five p.m. on the day registration closes for that election. 48A.26. Acknowledgment of registration form

1. Within seven working days of receipt of a voter registration form or change of information in a voter registration record the commissioner shall send an acknowledgment to the registrant at the mailing address shown on the registration form. The acknowledgment shall be sent by nonforwardable mail.

2. If the registration form appears on its face to be complete and proper, the acknowledgment shall state that the registrant is now a registered voter of the county. The acknowledgment shall also specify the name of the precinct and the usual polling place for the precinct in which the person is now registered. The acknowledgment may include the political party affiliation most recently recorded by the registrant.

3. If the registration form is missing required information pursuant to section 48A.11, subsection 8, the acknowledgment shall advise the applicant what additional information is required. The commissioner shall enclose a new registration by mail form for the applicant to use. If the registration form has no address, the commissioner shall make a reasonable effort to determine where the acknowledgment should be sent. If the incomplete application is received during the twelve days before the close of registration for an election, the commissioner shall provide the registrant with an opportunity to complete the form before the close of registration.

4. If the registrant applied by mail to register to vote and did not answer either "yes" or "no" to the question in section 48A.11, subsection 3, paragraph "a", the application shall be processed, but the registration shall be designated as valid only for elections that do not include candidates for federal offices on the ballot. The acknowledgment shall advise the applicant that the status of the registration is local and the reason for the registration being assigned local status. The commissioner shall enclose a new registration by mail form for the applicant to use. If the original application is received during the twelve days before the close of registration for an election that includes candidates for federal offices on the ballot, the commissioner shall provide the registrant with an opportunity to complete the form before the close of registration.

5. If the registrant applied by mail to register to vote and answered "no" to the question in section 48A.11, subsection 3, paragraph "a", the application shall not be processed. The acknowledgment shall advise the applicant that the registration has been rejected because the applicant indicated on the registration form that the applicant is not a citizen of the United States.

6. If the acknowledgment is returned as undeliverable by the United States postal service, the commissioner shall follow the procedure described in section 48A.29, subsection 1.

7. If a registrant has not supplied enough information on a registration form for the commissioner to determine the correct precinct and other districts, the commissioner shall obtain the information as quickly as possible either from the registrant or other sources available to the commissioner.
8. An improperly addressed or delivered registration form shall be forwarded to the appropriate county commissioner of registration within two working days after it is received by any other official. The date of registration shall be the date the registration form was received by the first official. If the registration form was postmarked fifteen or more days before an election and the registration form was received by the first official after the close of registration, the registration form shall be considered on time for the election.

9. When a person who is at least seventeen and one-half years of age but less than eighteen years of age registers to vote, the commissioner shall maintain a record of the registration so as to clearly indicate that it will not take effect until the registrant's eighteenth birthday and that the person is registered and qualifies to vote at any election held on or after that date.

If the applicant failed to provide an address, the commissioner shall make a reasonable effort to determine where the acknowledgement should be sent. However, if the incomplete application is received during the 12 days before the close of registration for an election, the commissioner shall provide the registrant with an opportunity to complete the form before the close of registration by sending written notice within one working day after receiving the incomplete application. If the applicant provided a telephone number, the commissioner shall also attempt to contact the applicant by telephone to convey the information contained in the notice required in subrule 2.8(5).

2.8(5) The notice shall instruct the applicant that the applicant may provide the required information in writing by

appearing in person at the commissioner's office to complete a new application or by mailing a new and complete application. The notice shall include the date registration closes for the next election.

2.8(6) If the application does not include the applicant's Iowa driver's license number, Iowa department of transportation-issued nonoperator's identification card number, or the last four digits of the applicant's social security number, the notice described in subrule 2.8(5) shall also include the following statement:

"Your voter registration application cannot be accepted because it does not include an Iowa driver's license number, an Iowa non-driver ID number or the last four numbers of your social security number. You must submit a new voter registration form. If you submit the registration form by mail, your registration information will be checked against the records of the Iowa Department of Transportation driver's license files. This process may delay the effective date of your registration. If your registration information cannot be verified, your registration application will be rejected. Verification is not required if you submit your application in person.

"ID number required. If you have an Iowa driver's license, you must put that number on the voter registration form. If you do not have an Iowa driver's license, use the number from your Iowa non-driver ID card. If you do not have either of these, put the last four numbers of your social security number on the form. If you don't have any of these ID numbers, please write 'NONE' in the box on the form. Please note that it is a crime to lie on a voter registration application."

2.8(7) If the applicant reports that the applicant has not been issued an Iowa driver's license, an Iowa department of transportation-issued nonoperator's identification card number, or a social security number, the commissioner shall assign a unique identifying number that shall serve to identify the registrant for voter registration purposes and enter the registration as 'pending identification.'

2.8(8) The commissioner shall keep a rejected application for voter registration for 22 months after the date of the next general election after the application was received.
