WEST'S LOUISIANA STATUTES ANNOTATED
LOUISIANA REVISED STATUTES
TITLE 18. LOUISIANA ELECTION CODE
CHAPTER 4. REGISTRATION OF VOTERS
PART I. REGISTRATION
§ 114. Registration at driver's license facilities

A. It is the intention of the legislature to encourage the broadest possible participation in the electoral process by the citizens of this state. Therefore, voter registration services provided for in this Section shall be available at all driver's license facilities in this state.

B. (1) Each application to obtain, renew, or change the name or address on a driver's license or identification card issued by the Department of Public Safety and Corrections made by an applicant who is eighteen years or older shall also serve as an application for voter registration by the applicant unless the applicant declines to register to vote through specific declination or by failing to sign the voter registration application. In addition, any person age seventeen may register to vote at any time prior to the first election at which he shall have attained the age of eighteen years. However, no one under the age of eighteen years shall be permitted to vote in any election.

(2) Any change of address or change of name submitted to the Department of Public Safety and Corrections for the purpose of changing the information contained on a driver's license or identification card issued by the Department of Public Safety and Corrections shall serve as a notification of change of address or change of name for voter registration unless the registrant states at the time of submitting the change of address or change of name that the change is not for voter registration purposes.

D. The secretary of state shall design and provide a standard notice informing the public of the eligibility requirements for and availability of voter registration, which notice shall be posted in each driver's license facility of the state.

E. The secretary of state and the deputy secretary for public safety services of the Department of Public Safety and Corrections shall develop voter registration application forms for use at driver's license facilities. Such forms shall be in conformity with the National Voter Registration Act of 1993.

F. Procedures for voter registration pursuant to this Section shall be as follows:

(1) The notice form, as provided for herein, shall be posted in a prominent place in each driver's license facility wherein voter registration applications are to be accepted.

(2) Any employee authorized to accept an application to obtain, renew, or change the name or address on a driver's license or identification card shall offer voter registration to any person making such an application and, upon request, shall provide assistance to any person who desires to register to vote. Such assistance may consist of answering any question that person might have about completing the registration form. However, if the person requesting assistance is physically handicapped or unable to read or write English, the authorized employee shall provide such assistance as is allowed to be provided by registrars of voters under the provisions of R.S. 18:106.

LSA-R.S. 18:114

(3) Prior to generating the portion of the form which is an individual registration form, the authorized employee shall require the applicant to submit his current Louisiana driver's license, if he has one, or his birth certificate or birth certification card, or other documentation which reasonably and sufficiently establishes the applicant's identity, age, and residency.

(4) Each applicant shall be required to complete the registration application form in the presence of an authorized employee.

(5) Upon completion of the registration application form, the applicant shall return the form to an authorized employee.

(6) The authorized employee shall ensure that the registration form has been completely filled out.

(7) The applicant shall sign the affidavit provision of the registration form before the authorized employee who, for purposes of this Section, shall be authorized to administer any oath required on the registration form. The authorized employee shall inform the applicant that he will not be officially registered to vote until the application is received and approved by the registrar of voters.

(8) Upon completion of these procedures, the authorized employee shall, within five working days, return the completed registration application to the registrar of voters within the parish where the office is located who shall transmit such application to the appropriate registrar of voters for the parish in which the applicant resides, as determined from the information contained on the registration application. If a registration application is accepted within five days before the last day for registration, each driver's license facility shall transmit the completed voter registration application forms at the conclusion of each business day. If the information contained on the application form is insufficient to register the applicant, the registrar of voters shall mail a notice to the applicant at the address provided on the application form informing the applicant that he has ten days from the date on which the notice was mailed to provide the necessary information. If the applicant fails to provide the necessary information within that time, the applicant shall not be registered and the registrar shall so advise the applicant.

(9) Upon receipt of the completed registration form, the registrar shall, if the information thereon establishes that the applicant meets the requirements for registration, register the applicant and mail notice of registration to the applicant's residence, as provided on the application. Any completed voter registration application transmitted to and received by a registrar by a driver's license facility shall be considered an update of any existing registration for that person. However, if a registrar accepts any application for registration, change of name, or change of address that has been received by a driver's license facility while the registration records are closed for a particular election as required by R.S. 18:135(A), none of the changes in a registration shall be effective until at least the day after the particular election has been held. In the case of a change of address, the change shall be effective in accordance with the provisions of R.S. 18:110(B).

G. No individual shall be registered to vote pursuant to this Section if he does not meet the requirements for registration as provided in Chapter 4 of Title 18 of the Louisiana Revised Statutes of 1950, [FN1] except where said provisions are specifically in conflict herewith.

H. Any public official or employee who attempts to register any person without complying with the applicable provisions of this Section shall be subject to a fine of not more than five hundred dollars or be imprisoned for not more than six months, or both.

I. The secretary of state, after consultation with the deputy secretary for public safety services of the Department of Public Safety and Corrections, shall adopt rules and regulations to provide for the implementation of this Section. Such rules and regulations shall be adopted in accordance with the Administrative Procedure Act [FN2] and shall be subject to oversight by the House Committee on House and Governmental Affairs and the Senate Committee on

LSA-R.S. 18:114

Senate and Governmental Affairs.

J. The transmittal of a change of address or change of name shall be handled in the same manner as the transmittal of a voter registration application.

K. If an applicant declines to register to vote, the fact that the applicant has declined to register will remain confidential and will be used only for voter registration purposes. The fact that any particular applicant has submitted an application to register to vote at a driver's license facility shall be kept confidential and shall be used only for voter registration purposes.

L. Each driver's license facility shall maintain such statistical records on the number of applications to register to vote as requested by the secretary of state.

LOUISIANA REVISED STATUTES
TITLE 18. LOUISIANA ELECTION CODE
CHAPTER 4. REGISTRATION OF VOTERS
PART I. REGISTRATION
   →§ 115. Registration by mail

A. (1) In addition to the national voter registration form promulgated by the Federal Election Commission, the secretary of state shall design and distribute a state mail voter registration application form. The state mail voter registration form shall include the eligibility requirements for registration.

(2) A person may apply to register to vote by mail by completing, signing through handwritten signature, and returning either the national voter registration form or the state mail voter registration form to the registrar of voters for the parish in which the applicant resides.

(3) State mail voter registration application forms received by a registrar of voters from voter registration agencies as defined in R.S. 18:2(8) shall be subject only to the provisions enumerated in R.S. 18:116.

B. (1) The registrar of voters shall determine the eligibility of an applicant in the following manner:

(a) The registrar shall mail a verification mailing to the applicant at the address provided on the application form. The mailing shall instruct the postmaster to deliver only as addressed or return to sender, with return postage guaranteed. If such mailing is not returned to the registrar within ten days from the date of mailing, the applicant shall be added to the official list of voters and the registrar of voters shall send a notice of registration to the applicant. However, if the verification mailing is returned to the registrar by the United States Postal Service, the registrar shall not add the applicant's name to the official list of voters and shall attempt to notify the applicant of such action.

(b) If an applicant fails to provide all of the required information on the application for voter registration, the registrar shall notify the applicant in writing of the missing information and inform him that he has ten days from the date on which the notice was mailed to provide the information. This written notification shall be considered the verification mailing as required by Subparagraph (a) of this Paragraph. If the applicant provides the information and the registrar determines he is eligible to register, the applicant shall be added to the official list of voters and the registrar shall send a notice of registration to the applicant. In the event the applicant does not respond to the request for the missing information within ten days, the application shall be rejected and the registrar shall so advise the applicant in writing. If the registrar's request for the missing information is returned by the United States Postal Service, the applicant's name shall not be added to the official list of voters and the registrar shall attempt to notify the applicant of such action.

(2) The registrar shall maintain a list of persons to whom verification mailings have been sent within thirty days prior to a particular election.

C. Any mail voter registration application received by the registrar of voters shall be considered an update to any existing voter registration for that person. However, in order to change the name of a registration based on a mail voter registration application, the registrar shall require a copy of such documentation as provided for in R.S.
LSA-R.S. 18:115

18:111.

D. The parish registrar of voters shall obtain from the secretary of state and maintain a supply of mail voter registration application forms for distribution and for voter registration. The mail voter registration application forms shall be made available through governmental and private entities. Such forms shall be available for organized voter registration programs.

E. (1) Mail voter registration applications returned through the United States Postal Service shall be deemed to have been made as of the date of the postmark affixed to such application by the United States Postal Service, or if no such postmark is affixed or if the postmark affixed by the United States Postal Service is illegible or bears no date, such application shall be deemed to have been made timely if received through the United States mail by the registrar of voters no later than the close of business on the thirtieth day prior to an election.

(2) Mail voter registration applications returned by a third party must be received by any registrar of voters no later than the registration deadline for a particular election in order for the applicant to be eligible to vote in that election.

(3) In any other case, a mail voter registration form shall be deemed received timely if received by any registrar of voters no later than the registration deadline for a particular election.

F. (1) Any registered voter who has registered by mail and has not previously voted in the parish in which he is registered shall vote:

(a) During early voting in the office of the registrar of voters, or

(b) In person at the precinct in which he is registered to vote.

(2) The provisions of Paragraph (1) of this Subsection shall not apply in the case of the following:

(a) A person who is otherwise entitled to vote under the provisions of the Uniformed and Overseas Citizens Absentee Voting Act, the Voting Accessibility for the Elderly and Handicapped Act, or the Special Program for Physically Handicapped Voters as provided in Chapter 7-A of this Title.

(b) A person who is a student at an institution for higher learning located outside of the registrant's parish of residence, when such student submits a copy of his student identification or fee bill showing current enrollment with the application to vote by mail.

(c) A person who appears in the office of the parish registrar of voters where he is registered to vote prior to the opening of the period for conducting early voting for the scheduled election and establishes his identity pursuant to the provisions of R.S. 18:105(A).

(d)(i) The Legislature of Louisiana recognizes that due to a recent common disaster and state of emergency in the state, an unprecedented number of persons have been temporarily displaced from their parishes of residence for an indefinite period of time. Because the right to vote is a right that is essential to the effective operation of a democratic government, the legislature finds that the state has a compelling interest in securing the right to vote for any person temporarily displaced by a disaster or emergency who may experience greater difficulty exercising his right due to his displaced status. The legislature, therefore, enacts this Subparagraph, which shall apply to any person temporarily displaced from his parish of residence by a gubernatorially declared state of emergency who registered to vote by mail on or after October 5, 2004, but prior to September 25, 2005, when he submits with the application to vote by mail an affidavit attesting that he is temporarily displaced from his parish of residence due to a state of emergency which has been declared by the governor, that he is eligible to vote in his parish of residence, and that he expects to be out of his parish of registration during early voting and on election day. He shall sign
such affidavit before a notary public or two witnesses. If signed before two witnesses, the witnesses shall also sign the affidavit and such affidavit shall be made under penalty of perjury for providing false or fraudulent information. The provisions of this Subparagraph shall be effective until July 16, 2006.

(ii) When a person has submitted an application to vote absentee by mail pursuant to this Subparagraph, the registrar shall, prior to sending the absentee by mail ballot, contact the appropriate election official in the jurisdiction where the applicant has requested for his absentee by mail ballot to be sent and attempt to verify that the person has not registered to vote in that jurisdiction, or if such jurisdiction has a statewide voter registration database, in that state. If the registrar finds that the person has registered in that jurisdiction or state, the person shall not be permitted to vote absentee by mail and the registrar shall proceed in accordance with the applicable provisions of Part V of this Chapter.

(iii) Upon expiration of the effectiveness of Item (i) of this Subparagraph, any voter who has voted absentee by mail pursuant to this Subparagraph who has not voted during early voting or at the polls on election day shall not be considered to have previously voted in the parish in which he is registered for purposes of Paragraph (1) of this Subsection and shall be subject to the requirements of that Paragraph.

G. Upon receipt by the registrar of voters of an undelivered notice of registration, the registrar shall immediately begin the procedure set forth in R.S. 18:193 and place the voter on the inactive list of voters.

H. Each registrar of voters shall maintain such statistical records on the number of applications to register to vote by mail, except military and overseas applicants who register by using the Federal Post Card Application, as requested by the secretary of state.

   Chapter 3. Voter Registration
      Subchapter 3. Registration and Enrollment
         Article 1. Registration

An applicant who attempts to register within 30 days of an election must be advised that the registrar might not receive the application before that election, but that the applicant may register in person before or on election day.

Registration applications received by the Secretary of State from outside agencies 30 days or more before an election must be transferred to the appropriate registrar's office within 7 business days of receipt. Registration applications received by the Secretary of State from outside agencies less than 30 days before an election must be transferred to the appropriate registrar's office within 5 business days of receipt. END OF DOCUMENT
A person may register as a voter by appearing before the registrar, proving that the person meets the qualifications of section 111, subsections 1 to 3, and filing an application provided by the registrar containing the information required by section 152 or 154, if applicable. Township residents may register as provided in section 156.

1. Entry into central voter registration system. The registrar shall enter the name and other information from the voter registration application of the applicant into the central voter registration system as expeditiously as possible after receipt of a voter registration application. The registrar shall register a person by first name, middle name or initial and last name, by first name or initial, middle and last name or by first name and last name.

2. Notice of disposition. The registrar shall notify the applicant whether the application for registration is accepted or rejected by providing the applicant with a written acknowledgement notice, in the form prescribed by the Secretary of State, as expeditiously as possible after the voter’s information has been entered into the central voter registration system. If a mailed notice of acceptance is returned as undeliverable within 15 days after it is sent, the registrar must reject the application and provide a new acknowledgement notice to the applicant indicating the rejection. If a mailed notice of acceptance is not returned as undeliverable within 15 days after it is sent, the voter is automatically designated as active in the central voter registration system.

3. Notice of new registration. When an applicant states in the application that the applicant last voted in another state, the registrar shall immediately send a notice of the applicant’s new registration to the registrar of that jurisdiction. The notice must contain the following:

   A. The voter’s name;

   B. The name under which registered, if changed;

   C. Date of birth; and

   D. Former residence and mailing address.

The Secretary of State may facilitate the delivery of such notices electronically using the central voter registration system.

4. Election day registration. The registrar shall accept registrations of applicants who appear in person on election day. The registrar shall issue to each of these applicants a certificate entitling the applicant to be placed on the incoming voting list at the voting place. Only one certificate may be issued to a person. An applicant
whose address has changed since the applicant last voted must vote using the ballot or ballots for the new polling
place, if applicable, on election day.

5. Alternative registration schedule for absentee voters. If the clerk receives a properly completed absentee
ballot application that is signed by a person who is not a registered voter in the municipality, a presumption of
the person's qualification as a voter is established. The clerk shall send an absentee ballot to the voter at the
address indicated, along with a voter registration application under section 152. The completed registration
application must be returned to the clerk by the close of the polls on election day in order for the ballot to be
counted and may not be sealed with the voted absentee ballot. If the application is received during the closed
period and the registrar is not satisfied as to the person's qualification as a voter, the registrar shall follow the
requirements of section 121, subsection 1-A to place the person's name on the incoming voting list and challenge
the absentee ballot.

6. Schedule for acceptance of registrations. Except as provided in paragraph A, the registrar shall accept
registrations on any business day or other day that the clerk's office is open. The names and other information
from the voter registration applications of any persons registering must be entered into the central voter
registration system and must be placed on the incoming voting list.

A. The registrar may accept only the registrations of applicants who appear in person as follows:

(1) In a municipality with a population of 2,500 or fewer, on the last business day that the clerk's office is
open before election day during the hours that the clerk's office is open;

(2) In a municipality with a population of more than 2,500, on the last 5 business days that the clerk's office
is open before election day during the hours that the clerk's office is open and for 2 hours in the evening
between 5 p.m. and 9 p.m. on at least one of these days; and

(3) The names of voters registering during these periods must be recorded as provided under subsection 7.

7. Record of names. The names of voters who register by appearing in person before the registrar during the
business days before election day under subsection 6 must be recorded as provided in either paragraph A or B:

A. The registrar shall, after finding an applicant qualified, issue a certificate requiring the voter's name and
other required information to be written on the original or any supplemental incoming voting list at the voting
place on election day. The certificate must be attached to, or included with, the incoming voting list and
sealed as provided in section 698. Only one certificate may be recorded for any voter at an election; or

B. The registrar shall, after finding the applicant qualified, enter the voter's name and other information from
the voter registration application into the central voter registration system and add it to the incoming voting list
or a supplemental incoming voting list. Before the polls are opened, the registrar shall deliver the incoming
voting list and any supplemental incoming voting list or lists to the clerk. The inclusion of a person's name on
these lists will entitle the applicant to vote on election day. All references in this Title to the use of the
incoming voting list before, during and after election day are considered to include the supplemental incoming
voting list or lists as provided in this paragraph.

8. Change of schedule. The hourly schedule established by this section may be changed by the municipal
officers according to the needs of the municipality.

9. Regulation of registration monitors. Anyone who wishes to monitor the names and addresses of persons
who are registering at the registrar's office or the clerk's office shall inform the registrar or clerk of that intent.
Anyone who wishes to monitor the names and addresses of persons who are registering at the polling place shall

inform the registrar or clerk of that intent by submitting a written, signed statement containing the proposed monitor's name, address and intent. The registrar or clerk may designate a place where a person monitoring registrations may stand. The registrar or clerk shall then announce the name and address of individuals registering to vote in a loud and clear voice. A person monitoring registrations shall direct any questions the person has to the registrar or clerk. These questions must be limited to information pertinent to the qualifications of an individual to register. A person monitoring registrations may not ask questions of individuals waiting to register concerning their eligibility to vote. A polling place registration monitor may not handle or inspect registration cards, files or other materials used by the registrar or clerk except as provided in section 22. A monitor may not inhibit the work of the registrar or clerk. If the work of a registrar or clerk appears to be inhibited, the warden may request a reduction in the number of monitors present in the polling place. A registrar or clerk may require a person monitoring registrations who violates the provisions of this subsection to leave the building.

NOTES OF DECISIONS

Class actions I

1. Class actions

Certification of correctional institution inmates as a class was warranted in action for injunctive and declaratory relief in regard to their alleged right to be registered as voters in town, in view of fact that main issue in the case was whether inmates' affidavits of registration established on their face that inmates were qualified voters entitled to be placed on town's voting roles and that no issues were raised in regard to residence and domicile of individual inmates. 57.04: Voter Registration by Mail

(1) Availability of Mail-in Forms.

(a) The state secretary shall prepare blank mail-in affidavits of voter registration and shall supply such mail-in affidavits to all city and town clerks. Mail-in affidavits of voter registration shall be available in English and Spanish and such other languages as the state secretary deems necessary.

(b) The state secretary shall, upon request, provide mail-in affidavits of voter registration in quantities he deems sufficient, to nongovernmental and private entities free of charge.

(c) Only mail-in affidavits of voter registration prepared by or with the approval of the state secretary pursuant to 950 CMR 57.04(1)(d) shall be used for any voter registration.

(d) Original Massachusetts mail-in affidavits of voter registration may not be photocopied or otherwise reproduced; provided however, that any person or organization may apply, in writing, to the state secretary for written permission to print such mail-in affidavits. All such mail-in affidavits of voter registration must be printed according to the printing specifications prescribed by the state secretary.

(e) National Voter Registration Forms as prescribed by the Federal Election Commission shall be accepted for purposes of registering to vote in Massachusetts. A National Voter Registration Form shall be accepted on regular paper, provided, however, that the form itself is identical to that as prescribed by the Federal Election Commission. No National Voter Registration form shall be accepted if it contains any additional verbiage or graphics other than those contained on the official form such as commercial logos, organizational or contact information.

(2) Responsibilities of Registrant.

(a) The registrant shall complete all information on the mail-in affidavit of voter registration, and sign the affidavit. If the registrant is prevented by physical disability from completing or signing the mail-in affidavit, the registrant may authorize another person to complete and sign the affidavit on his or her behalf. The assisting person shall then sign the mail-in affidavit in the designated area.

(b) The registrant may return the mail-in affidavit of voter registration to the registrars of the city or town where he or she resides:

1. by mail;

2. by personal delivery; or

3. by delivery to a third person who delivers the affidavit of voter registration to the registrars on behalf of the registrant.

(3) Responsibilities of Registrars.

(a) The registrars of voters must accept mail-in affidavits of voter registration from registration agencies, from individuals, and from organizations conducting voter registration.

(b) Upon receipt of a completed mail-in
affidavit of voter registration, the registrars shall add the person's name, residential address and effective date of registration to the annual register of voters.

(c) If the mail-in affidavit of voter registration is incomplete, the registrars shall notify the registrant and provide an opportunity to remedy the defect. This notification must be oral or written, and the registrant may supply such information, in writing, or in person.

(d) If the mail-in affidavit of voter registration is not signed by the registrant or by a person assisting a registrant, the registrars shall return the mail-in affidavit of voter registration to the registrant with a written request that it be so signed and returned to the registrars.

(e) If the Massachusetts mail-in affidavit of voter registration is on a photocopied or otherwise unauthorized form, the registrars shall notify the registrant that the form is unacceptable, and send the voter an original mail-in affidavit. A National Voter Registration form may be photocopied or printed from the internet in the same format as prescribed by the Federal Election Commission.

(f) If, within 20 days after notification by the registrars, the registrant fails to supply the missing information, other than political designation, or fails to return a completed original mail-in form, the mail-in affidavit of voter registration shall be rejected, and the registrant shall be notified in writing of the rejection.

(g) If the registrant fails to supply a political designation, the registrant shall be registered as "unenrolled".

(h) The registrars shall send an acknowledgment notice to each registrant upon final disposition of a mail-in affidavit of voter registration.

(i) If the acknowledgment notice, other than a notice rejecting the affidavit of voter registration, is returned as undeliverable, the registrars shall designate the voter as inactive, send the registrant a confirmation notice, and remove the registrant from the voting list if he or she fails to respond to the confirmation notice and does not either:

1. vote in at least one of the next two biennial state elections following the mailing of such confirmation notice; or

2. take any other action that restores the voter to "active" status, including but not limited to signing a nomination paper or petition at the same address, or voting or attempting to vote at a municipal election, or town meeting.

(j) If the printed name on the mail-in affidavit of voter registration is not identical to the signed name, the voter shall be registered in accordance with the printed name.

(4) Effective Date for Mail-in Registration.

(a) A registrant is deemed to be a registered voter as of the date the completed mail-in affidavit of voter registration is postmarked or on the day that it is hand delivered to the registrars.

(b) Mail-in affidavits of voter registration postmarked before midnight on the last day to register for an election shall be effective for such election.

(c) If a postmark is unclear or illegible, a mail-in affidavit of voter registration received by the registrars no later than five days after the final day to register shall be effective for that election.

(d) If a mail-in affidavit of voter registration is postmarked after the deadline to register for an election, the registrant's name shall be added to the annual register for all subsequent elections and the registrars shall so notify the registrant in the acknowledgment notice.
(c) If a mail-in affidavit of voter registration is missing any information, other than a signature, when received by the registrars, or is on a photocopied or otherwise unauthorized form, the registrant is deemed to be a registered voter as of the time the mail-in affidavit of voter registration is postmarked or hand delivered to the registrars, provided the registrant supplies the missing information, other than political designation, or returns an original mail-in affidavit, within 20 days after notification pursuant to 950 CMR 57.04(3)(f).

(f) If a mail-in affidavit of voter registration is missing a signature, and that signature is supplied by the registrant within 20 days after notification by the registrars pursuant to 950 CMR 57.04(3)(f), the registrant is deemed to be a registered voter as of the date the new mail-in affidavit is postmarked or hand delivered to the registrars.
