Pursuant to Local Rule 7(h), Plaintiff Shelby County, Alabama (“Shelby County”) submits the following responses to Defendant’s and Defendant-Intervenors’ Statements of Uncontested Material Facts (Docs. 53-1, 57). As demonstrated below, almost none of the 489 paragraphs of statements of material facts submitted by Defendant and Defendant-Intervenors contains facts “material” to the resolution of this case on summary judgment as they would not create a triable issue even if disputed. In particular, the bulk of Defendant-Intervenors’ 145-page joint statement (and several paragraphs of the Attorney General’s statement) consists of characterizations of testimony and other material in the legislative record, or discussions of case law. The inclusion of voluminous citations to this material appears to be an attempt to expand legal argument beyond the briefing limits established by this Court. *See, e.g.*, Mem. in Supp. of Def.-Intervenor Bobby Lee Harris’ Mot. for Summ. J & In Opp. to Pl.’s Mot. for Summ. J. (“Harris Opp”) at 32 (referring the Court to the more exhaustive recitation of the legislative record in the joint statement of material facts). Shelby County has not independently verified any citations to the congressional record, and thus neither admits nor denies that they accurately reflect that record.
