1. Where I went to school?
2. Uh-huh.
3. I went to NMSU, graduated in May of 1990.
4. And was that a bachelor's degree?
5. Yes, ma'am.
6. And is this your first position at the sort of whole Human Services Department organization, or have you previously worked for the Department of Human Services?
7. I started in October of 1990 with Human Services.
8. And what was that job?
9. I started as a caseworker in the Anthony ISD office.
10. And how long did you work there?
11. Almost a year, or real close to a year.
12. And what did you do after that?
13. I transferred to the Las Cruces office as a caseworker.
14. And how long did you work here as a caseworker?
15. More or less three to four years as a caseworker.
16. And what happened after that?
17. I was promoted to quality control.

1. your -- just very generally, what were you -- what was your role?
2. Determining eligibility for all programs.
3. And did you do any voter registration services at that time?
4. I don't remember. It's too long ago.
5. And do you remember, in quality control, did that have anything to do with voter registration?
6. Quality control was in reference to the eligibility, determining if eligibility was done correctly.
7. And were you working directly with clients at that time, at all?
8. I would do home visits. So a certain amount each month.
9. But, I'm sorry, you said there was no voter registration?
10. I said it was in reference to reviewing eligibility.
11. Okay. And do you remember if you did anything with registering people to vote?
12. No, I don't remember.
13. And when you were supervising the ISD office, can you tell me a little bit about what you were doing at that time, the day-to-day job was for that?
15. It was one unit? And how many units are there?
16. I couldn't tell you back then. We used to be one office. Then we split it into two offices. I have no idea how many units there were at the time.
17. Okay. And did that work -- did you work with voter registration at all at that time?
18. We do have no idea. I don't know. I don't recall. It's been too long.
19. And the employees that you were overseeing at that time -- how many of them were there?
20. Approximately -- I'm just estimating -- five to six. That was normal.
21. And what were their duties?
22. Determine eligibility.
