Sec. 1506.2522. ANNUAL REPORT TO BOARD: ENROLLED INDIVIDUALS. (a) Each health benefit plan issuer shall report to the board the number of residents of this state enrolled, as of December 31 of the previous year, in the issuer's health benefit plans providing coverage for residents in this state, as:

(1) an employee or retired employee under a group health benefit plan; or

(2) an individual policyholder or subscriber.

(b) In determining the number of individuals to report under Subsection (a)(1), the health benefit plan issuer shall include each employee or retired employee for whom a premium is paid and coverage is provided under an excess loss, stop-loss, or reinsurance policy issued by the issuer to an employer or group health benefit plan providing coverage for employees or retired employees in this state. A health benefit plan issuer providing excess loss insurance, stop-loss insurance, or reinsurance, as described by this subsection, for a primary health benefit plan issuer may not report individuals reported by the primary health benefit plan issuer.

(c) Ten employees or retired employees covered by a health plan issuer under a policy of excess loss insurance, stop-loss insurance, or reinsurance count as one employee or retired employee for purposes of determining that health plan issuer's assessment.

(d) In determining the number of individuals to report under this section, the health benefit plan issuer shall exclude:

(1) the dependents of the employee or retired employee or an individual policyholder or subscriber; and

(2) individuals who are covered by the health benefit plan issuer under a Medicare supplement benefit plan subject to Chapter 1652.

(e) This section expires September 1, 2007.

SECTION 8. Section 1506.253, Insurance Code, is amended to read as follows:

Sec. 1506.253. ASSESSMENTS TO COVER NET LOSSES. (a) The board shall recover any net loss of the pool by assessing each health benefit plan issuer an amount determined annually by the board based on information in annual statements, the health benefit plan issuer's annual report to the board under Sections [Section] 1506.2521 and 1506.2522, and any other reports required by and filed with the board.

(b) The amount of a health benefit plan issuer's assessment is computed by multiplying the total amount required to be assessed against all health benefit plan issuers by a number computed by dividing:

[(1) the gross premiums collected by the issuer for health benefit plans in this state during the preceding calendar year; by

(2) the gross premiums collected by all issuers for health benefit plans in this state during the preceding calendar year.]

(b-1) Notwithstanding Subsection (b), to compute the amount of a health benefit plan issuer's assessment, if any, the board shall:
(1) divide the total amount to be assessed by the total number of enrolled individuals reported by all health benefit plan issuers under Section 1506.2522 as of the preceding December 31 to determine the per capita amount; and

(2) multiply the number of enrolled individuals reported by the health benefit plan issuer under Section 1506.2522 as of the preceding December 31 by the per capita amount to determine the amount assessed to that health benefit plan issuer.

(b-2) Subsection (b-1) and this subsection expire September 1, 2007.

(c) For purposes of the assessment under this subchapter, gross health benefit plan premiums do not include premiums collected for:

[(1) coverage under a Medicare supplement benefit plan subject to Chapter 1652;]

[(2) coverage under a small employer health benefit plan subject to Subchapters A-H, Chapter 1501, is not subject to an assessment under this subchapter.[; or]

[(2) coverage or insurance listed in Section 1506.002(b)].

SECTION 9. Chapter 1506, Insurance Code, is amended by adding Subchapter G to read as follows:

SUBCHAPTER G. SUBROGATION RIGHTS OF POOL

Sec. 1506.301. SUBROGATION TO RIGHTS AGAINST THIRD PARTY. The pool:

(1) is subrogated to the rights of an individual covered by the pool to recover against a third party costs for an injury or illness for which the third party is liable under contract, tort law, or other law that have been paid by the pool on behalf of the covered individual; and

(2) may enforce that liability on behalf of the individual.

Sec. 1506.302. BENEFITS NOT PAYABLE; ADVANCE OF BENEFITS AUTHORIZED. (a) Under coverage provided by the pool, benefits are not payable for an injury or illness for which a third party may be liable under contract, tort law, or other law.

(b) Notwithstanding Subsection (a), the pool may advance to a covered individual the benefits provided under the pool coverage for medical expenses resulting from the injury or illness, subject to the pool's right to subrogation and reimbursement under this subchapter.

Sec. 1506.303. REIMBURSEMENT OF POOL REQUIRED. (a) Subject to Section 1506.305, the amount recovered by a covered individual in an action against a third party who is liable for the injury or illness must be used to reimburse the pool for benefits for medical expenses that have been advanced under Section 1506.302.

(b) The amount of reimbursement required by this section is not reduced by the application of the doctrine established at common law relating to adequate compensation of insureds and commonly referred to as the "made whole" doctrine.
(c) Subject to Section 1506.305, the pool shall treat any amount recovered by a covered individual in an action against a third party who is liable for the injury or illness that exceeds the amount of the reimbursement required under this section as an advance against future medical benefits for the injury or illness that the individual would otherwise be entitled to receive under pool coverage.

Sec. 1506.304. RESUMPTION OF PAYMENT OF BENEFITS. If the amount treated as an advance under Section 1506.303(c) is adequate to cover all future medical costs for the covered individual's injury or illness, the pool is not required to resume the payment of benefits. If the advance is insufficient, the pool shall resume the payment of benefits when the advance is exhausted.

Sec. 1506.305. ATTORNEY 'S FEE FOR REPRESENTATION OF POOL 'S INTEREST. (a) For purposes of this section, the pool’s recovery includes:

(1) the amount recovered by the pool in the action; and

(2) the amount of the covered individual’s total recovery that must be used to reimburse the pool or that is treated as an advance for future medical costs under Section 1506.303(c).

(b) If the pool’s interest is not actively represented by an attorney in a third-party action under this subchapter, the pool shall pay a fee to an attorney representing the claimant in the amount agreed on between the attorney and the pool. In the absence of an agreement, the court shall award to the attorney payable out of the pool’s recovery:

(1) a reasonable fee for recovery of the pool’s interest that may not exceed one-third of the pool’s recovery; and

(2) a proportionate share of the reasonable expenses incurred.

(c) An attorney who represents a covered individual and is also to represent the interests of the pool under this subchapter must make a full written disclosure to the covered individual before employment as an attorney by the pool. The covered individual must acknowledge the disclosure and consent to the representation. A signed copy of the disclosure shall be provided to the covered individual and the pool. A copy of the disclosure with the covered individual’s consent must be filed with the pleading before a judgment is entered and approved by the court. The attorney may not receive a fee under this section to which the attorney is otherwise entitled under an agreement with the pool unless the attorney complies with the requirements of this subsection.

(d) If an attorney actively representing the pool’s interest actively participates in obtaining a recovery, the court shall award and apportion between the covered individual’s and the pool’s attorneys a fee payable out of the pool’s subrogation recovery. In apportioning the award, the court shall consider the benefit accruing to the pool as a result of each attorney's service. The total attorney's fees may not exceed one-third of the pool’s recovery.

SECTION 10. (a) The legislature shall establish a joint interim committee to study the deficit resulting from the net losses of the Texas Health Insurance Risk Pool and to recommend a method or formula for recouping any deficit that apportions the cost of those losses among the largest possible number of users of the health care system.
(b) Not later than September 1, 2006, the committee shall report its findings and recommendations to the governor, lieutenant governor, and speaker of the house of representatives.

(c) The lieutenant governor and speaker shall determine the composition of the committee.

(d) This section expires September 1, 2007.

SECTION 11. (a) This Act applies only to an application for initial or renewal coverage through the Texas Health Insurance Risk Pool under Chapter 1506, Insurance Code, as amended by this Act, that is filed with that pool on or after the effective date of this Act. An application filed before the effective date of this Act is governed by the law in effect on the date on which the application was filed, and the former law is continued in effect for that purpose.

(b) Section 1506.155, Insurance Code, as amended by this Act, and Subchapter G, Chapter 1506, Insurance Code, as added by this Act, apply only to pool coverage that is delivered, issued for delivery, or renewed on or after the effective date of this Act. Pool coverage that is delivered, issued for delivery, or renewed before the effective date of this Act is governed by the law as it existed immediately before that date, and that law is continued in effect for that purpose.

(c) The change in law made by this Act to Section 1506.002(b), Insurance Code, applies to an assessment under Subchapter F, Chapter 1506, Insurance Code, for a calendar year beginning on or after the effective date of this Act. An assessment for a net loss for a calendar year before the effective date of this Act is governed by the law in effect during the calendar year for which the assessment is made, and the former law is continued in effect for that purpose.

(d) The board of directors of the Texas Health Insurance Risk Pool shall refund an assessment amount paid for a period after September 30, 2005, that is attributable to those coverages that are exempt from the assessment because of the change in law made by this Act to Section 1506.002(b), Insurance Code, at the time the final net loss for the period for which the assessment is made is determined.

(e) Section 1506.253, Insurance Code, as amended by this Act, applies to an assessment under Subchapter F, Chapter 1506, Insurance Code, for a calendar year beginning on or after January 1, 2006. An assessment for a calendar year before January 1, 2006, is governed by the law in effect during the period for which the assessment is made, and the former law is continued in effect for that purpose.

(f) Notwithstanding Subsection (a) of this section and Section 1506.158, Insurance Code, an individual who is covered by the Texas Health Insurance Risk Pool on the effective date of this Act and who, because of the change in law made by this Act to Subsection (a), Section 1506.152, Insurance Code, would no longer be eligible for coverage, continues to be eligible for coverage from the pool until the individual’s coverage is terminated for a reason other than that change in law.

SECTION 12. (a) In accordance with Subsection (c), Section 311.031, Government Code, which gives effect to a substantive amendment enacted by the same legislature that codifies the amended statute, the text of Subsection (b), Section 1506.002, Insurance Code, as set out in Section 1 of this Act, Subsection
(a), Section 1506.152, Insurance Code, as set out in Section 3 of this Act, and Subsections (a) and (c), Section 1506.253, Insurance Code, as set out in Section 6 of this Act, gives effect to changes made by Sections 1, 6, and 11, Chapter 840, Acts of the 78th Legislature, Regular Session, 2003.

(b) To the extent of any conflict, Subsection (b), Section 1506.002, Insurance Code; Subsection (a), Section 1506.109, Insurance Code; Subsection (a), Section 1506.152, Insurance Code; Subsection (a), Section 1506.155, Insurance Code; Section 1506.253, Insurance Code; Chapter 1506, Insurance Code prevails over another Act of the 79th Legislature, Regular Session, 2005, relating to nonsubstantive additions to and corrections in enacted codes.

SECTION 13. Subsection (b), Section 1506.002, Insurance Code; Subsection (a), Section 1506.109, Insurance Code; Subsection (a), Section 1506.152, Insurance Code; Subsection (a), Section 1506.155, Insurance Code; Section 1506.253, Insurance Code; Chapter 1506, Insurance Code takes effect January 1, 2006.

SB 299 ON SECOND READING
(Menendez - House Sponsor)

SB 299, A bill to be entitled An Act relating to the exception from required public disclosure of the name of an applicant for the position of city manager of certain home-rule municipalities.
SB 299 - POINT OF ORDER

Representative Dunnam raised a point of order against further consideration of SB 299 under Rule 4, Section 32(c) of the House Rules on the grounds that the bill analysis is incorrect.

The chair sustained the point of order.

The ruling precluded further consideration of SB 299.

MEMORANDUM BY REPRESENTATIVE DUNNAM

The bill analysis incorrectly states that the bill delegates rulemaking authority to board in Section 19. The bill analysis must contain "an analysis of the content of the bill or resolution." House Rule 4, Section 32(c)(2) (2005).

The analysis section states that the bill applies to a "municipality having a population of more than 500,000 and operating under a council-manager form of government[]." This is incorrect. The bill applies only to a "municipality having a population of more than one million and operating under a council-manager form of government[]." House Committee Report, page 1, lines 11-12.

Thus, the analysis does not state the content of the bill, but the content of an amendment to be proposed. It is not a foregone conclusion that the committee amendment will be adopted or even offered and cannot be part of the content of the bill until that time. Thus, the bill analysis is incorrect and the committee report is defective.

For the above reasons, the point of order should be sustained.

SECTION 3. Section 39.107, Utilities Code, is amended by amending Subsections (a) and (b) and by adding Subsection (h) to read as follows:

(a) On introduction of customer choice in a service area, metering services for the area shall continue to be provided by the transmission and distribution utility affiliate of the electric utility that was serving the area before the introduction of customer choice. Metering services provided to commercial and industrial customers that are required by the independent system operator to have an interval data recorder meter may [shall] be provided on a competitive basis [beginning on January 1, 2004].
(b) Metering services provided to residential customers and to nonresidential customers other than those required by the independent system operator to have an interval data recorder meter shall continue to be provided by the transmission and distribution utility affiliate of the electric utility that was serving the area before the introduction of customer choice [until the later of September 1, 2005, or the date on which at least 40 percent of those residential customers are taking service from unaffiliated retail electric providers]. Retail electric providers serving residential and nonresidential customers other than those required by the independent system operator to have an interval data recorder meter may request that the transmission and distribution utility provide specialized meters, meter features, or add-on accessories so long as they are technically feasible and generally available in the market and provided that the retail electric provider pays the differential cost of such a meter or accessory. Metering and billing services provided to residential customers shall be governed by the customers' safeguards adopted by the commission under Section 39.10. All meter data, including all data generated, provided, or otherwise made available, by advanced meters and meter information networks, shall belong to a customer, including data used to calculate charges for service, historical load data, and any other proprietary customer information. A customer may authorize its data to be provided to one or more retail electric providers under rules and charges established by the commission.

(h) The commission shall establish a nonbypassable surcharge for an electric utility or transmission and distribution utility to use to recover reasonable and necessary costs incurred in deploying advanced metering and meter information networks to residential customers and nonresidential customers other than those required by the independent system operator to have an interval data recorder meter. The commission shall ensure that the nonbypassable surcharge reflects a deployment of advanced meters that is no more than one-third of the utility's total meters over each calendar year, and shall ensure that the nonbypassable surcharge does not result in the utility recovering more than its actual, fully allocated meter and meter information network costs. The expenses must be allocated to the customer classes receiving the services, based on the electric utility's most recently approved tariffs.

Amendment No. 1 was withdrawn.

SB 593 was passed to third reading. (In accordance with House Rule 5, Section 51(b), every member present must have favored passage of the measure, but any member may register their position with the journal clerk. Members registering votes are as follows: Harper-Brown recorded voting no.)

(i) The board of directors of a reinvestment zone or a local government corporation administering a reinvestment zone may contract with the municipality that created the zone to allocate from the tax increment fund for the zone an amount equal to the tax increment produced by the municipality and paid into the tax increment fund for the zone to pay the incremental costs of providing municipal services incurred as a result of the creation of the zone or the development or redevelopment of the land in the zone, regardless of whether the costs of those services are identified in the project plan or reinvestment zone financing plan for the zone.

Amendment No. 2 - Point of Order

Representative Gallego raised a point of order against further consideration of Amendment No. 2 under Rule 11, Section 2 of the House Rules on the grounds that it is not germane to the bill.

The speaker overruled the point of order and had read the following statement:

Representatives Gallego and Turner raised a point of order against further consideration of the Denny amendment to SB 89 on the grounds that the amendment violates Rule 11, Section 2 in that it is not germane.

SB 89 contains provisions relating to Chapter 63, Election Code, which relates to the acceptance of voters who wish to participate in elections by voting. The Denny amendment also amends provisions in Chapter 63, Election Code, and because it does such, is germane to the bill.
Therefore, the point of order is respectfully overruled.

SB 89 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE HOCHBERG: I have sort of lost track of where we are and, as you remember, if you get a movement without motion on a previous question, you don't get to have a debate about it. Can you just remind me of what the original bill accomplished? I've lost track of that.

REPRESENTATIVE DENNY: The original bill requires one form of photo ID or two forms of non-photo ID off of an approved list. It also—the amendments—as the bill passed out of here—the amendments that were accepted are in the amendments I brought to you today. We didn't go back to the original bill and strip those out. They are in the amendments that we adopted here.

HOCHBERG: So, what you just described to me are the amendments that have gone on to SB 89.

DENNY: I'm sorry, what?

HOCHBERG: What you have just described to me are the amendments that have gone on to SB 89?

DENNY: Correct.

HOCHBERG: Okay, when I said original bill, what does SB 89 do?

DENNY: Oh, SB 89, I'm sorry.

HOCHBERG: I'm not sure whether I want to vote for SB 89 yet. If you could just give me a quickie on that.

DENNY: Sure. SB 89 authorized the magnetic strip on the back of a driver's license or personal ID card that's issued by DPS to access electronically readable information for governmental purposes. That ability was accidentally removed in the last legislative session in SB 1445 by the independent banker. They removed election officers from governmental purposes and this adds it back in.

HOCHBERG: So this adds it back into the list of people who are not subject to an offense if they read that information.

DENNY: Correct.

HOCHBERG: Okay, thank you.

(1) to provide academically gifted and highly motivated junior and senior high school students with a challenging university-level curriculum that:

(A) allows students to complete high school graduation requirements, including requirements adopted under Section 28.025 for the advanced high school program, while attending for academic credit a public institution of higher education;

(B) fosters students' knowledge of real-world international issues and problems and teaches students to apply critical thinking and problem-solving skills to those issues and problems;

(C) includes the study of English, foreign languages, social studies, anthropology, and sociology;

(D) is presented through an interdisciplinary approach that introduces and develops issues, especially issues related to international concerns, throughout the curriculum; and

(E) offers students learning opportunities related to international issues through in-depth research and field-based studies;

(2) to provide students with an awareness of international career and professional development opportunities through seminars, workshops, collaboration with postsecondary students from other countries, summer academic international studies internships in foreign countries, and similar methods; and

(3) to provide students with social development activities that enrich the academic curriculum and student life, including, as determined appropriate by the academy, University Interscholastic League activities and other extracurricular activities generally offered by public high schools.

(c) The academy is a residential, coeducational institution for selected Texas high school students with an interest and the potential to excel in international studies. The academy shall admit only high school juniors and seniors, except that the academy may admit a student with exceptional abilities who is not yet a high school junior. The board shall set aside adequate space on the university campus in Laredo to operate the academy and implement the purposes of this section. The academy must operate on the same fall and spring semester basis as the university. Full-time students of the academy must enroll for both the fall and spring semesters. Faculty members of the university shall teach all academic classes at the academy. A student of the academy may attend a college course offered by the university and receive college credit for that course.

(d) Except as otherwise provided by this subsection, the university administration has the same powers and duties with respect to the academy that the administration has with respect to the university. The board shall consult with the dean of the College of Education and other members of the administration as
the board considers necessary concerning the academy’s administrative design and support, personnel and student issues, and faculty development. The board shall consult with the dean of the College of Arts and Sciences and other members of the administration as the board considers necessary concerning the academy’s curriculum development, program design, and general faculty issues. The board, in consultation with university administration, shall:

(1) establish an internal management system for the academy and appoint an academy principal who serves at the will of the board and reports to the university provost;

(2) provide for one or more academy counselors;

(3) establish for the academy a site-based decision-making process similar to the process required by Subchapter F, Chapter 11, that provides for the participation of academy faculty, parents of academy students, and other members of the community; and

(4) establish an admissions process for the academy.

(f) The academy shall provide the university-level curriculum in a manner that is appropriate for the social, psychological, emotional, and physical development of high school juniors and seniors. The administrative and counseling personnel of the academy shall provide continuous support to and supervision of students.

(g) For each student enrolled in the academy, the academy is entitled to allotments from the foundation school fund under Chapter 42 as if the academy were a school district without a tier one local share for purposes of Section 42.253. If in any academic year the amount of the allotments under this subsection exceeds the amount of state funds paid to the academy in the first fiscal year of the academy’s operation, the commissioner of education shall set aside from the total amount of funds to which school districts are entitled under Section 42.253(c) an amount equal to the excess amount and shall distribute that amount to the academy. After deducting the amount set aside and paid to the academy by the commissioner of education under this subsection, the commissioner of education shall reduce the amount to which each district is entitled under Section 42.253(c) in the manner described by Section 42.253(h). A determination of the commissioner of education under this subsection is final and may not be appealed.

(h) The board may use any available money, enter into contracts, and accept grants, including matching grants, federal grants, and grants from a corporation or other private contributor, in establishing and operating the academy. Money spent by the academy must further the purposes of the academy prescribed by Subsection (b).
(i) The liability of the state under Chapters 101 and 104, Civil Practice and Remedies Code, is limited for the academy and employees assigned to the academy and acting on behalf of the academy to the same extent that the liability of a school district and an employee of the school district is limited under Sections 22.0511, 22.0512, and 22.052 of this code and Section 101.051, Civil Practice and Remedies Code. An employee assigned to the academy is entitled to representation by the attorney general in a civil suit based on an action or omission of the employee in the course of the employee’s employment, limits on liability, and indemnity under Chapters 104 and 108, Civil Practice and Remedies Code.

(j) Except as otherwise provided by this section, the academy is not subject to the provisions of this code, or to the rules of the Texas Education Agency, regulating public schools.

Amendment No. 2 - Point of Order

Representative Pickett raised a point of order against further consideration of Amendment No. 2 under Rule 11, Section 2 of the House Rules on the grounds that it is not germane to the bill.

The chair overruled the point of order.

SB 568, as amended, was passed to third reading. (In accordance with House Rule 5, Section 51(b), every member present must have favored passage of the measure, but any member may register their position with the journal clerk. Members registering votes are as follows: Harper-Brown recorded voting no.)

SB 568 - STATEMENT OF LEGISLATIVE INTENT

It is my intent that with the passage of SB 568 alarm companies currently regulated by DPS will continue to be regulated by DPS, even if they include Personal Emergency Response Services in their menu of available services and would not need to seek any additional license for the provision of Personal Emergency Response Services.

Those companies currently regulated by the DSHS for Personal Emergency Response Services that would expand their menu of services to include those items currently covered by DPS will need to apply to DPS for the appropriate licensure.

(c) To qualify for admission under this section, an applicant must submit an application before the expiration of any application filing deadline established by the institution.

The institution may require a student so identified to enroll during the summer immediately after the student is admitted under this section to participate in appropriate enrichment courses and orientation programs. This section does not prohibit a student who is not determined to need additional preparation for college-level work from enrolling, if the student chooses, during the summer immediately after the student is admitted under this section.

(f) Admissions to a particular program or school within a general academic teaching institution are based solely on the requirements of the institution.

(g) This section does not apply to admission to:

(1) a public upper-level institution of higher education; or

(c) The Texas Higher Education Coordinating Board and the governing board of each general academic teaching institution shall adopt rules or policies relating to the admission of students under Section 51.8065, Education Code, as added by this section, not later than February 1, 2006.
