SECTION 1. Subchapter J, Chapter 2166, Government Code, is amended by adding Sections 2166.454, 2166.4541, and 2166.4542 to read as follows:

Sec. 2166.454. PURCHASING OR OBTAINING MORE FAVORABLE LEASE WITH OPTION TO PURCHASE AGREEMENTS WITH REGARD TO CERTAIN LEASED SPACE. (a) This section and Sections 2166.4541 and 2166.4542 apply only in relation to space currently occupied by a state agency under one of seven lease with an option to purchase agreements:

(1) entered into by the state before December 1994, for the benefit of the Texas Commission on Environmental Quality or its predecessor agency, the office of the attorney general, the successor of the Department of Human Services, the Department of Family and Protective Services, or the Texas Department of Transportation; and

(2) under which the state may acquire title to the space by paying the purchase price remaining under the terms of the agreement on September 1 of an odd-numbered year.

(b) If the commission determines that it is advantageous to the state, the commission may:

(1) request the Texas Public Finance Authority to issue revenue bonds to finance the purchase of any or all of the space to which this section applies in accordance with Section 2166.4542 and Chapter 1232, if the commission determines that it is more advantageous to the state to purchase the space than to enter into a more favorable lease with an option to purchase agreement under Section 2166.4541 for that space; or

(2) enter into a more favorable lease with an option to purchase agreement with regard to any or all of the space to which this section applies by taking the actions authorized by Section 2166.4541 under the conditions prescribed by Section 2166.4541, if the commission determines that it is more advantageous to the state to enter into a more favorable lease with an option to purchase agreement for that space than to purchase the space under Section 2166.4542 and Chapter 1232.

(c) This section expires September 2, 2008, except that this section is continued in effect after that date for the limited purpose of applying with regard to any transaction authorized by this section and Section 2166.4541 or 2166.4542 that occurs before that date.
Sec. 2166.4541. ENTERING INTO MORE FAVORABLE LEASE WITH OPTION TO PURCHASE AGREEMENTS. (a) Subject to Section 2166.454(b), the commission may issue sale and lease purchase revenue obligations in accordance with this section and use the proceeds of the revenue obligations to:

(1) pay the commission’s expenses in connection with issuing the revenue obligations;
(2) purchase any or all of the space described by Section 2166.454(a) according to the terms of the applicable existing lease with an option to purchase agreement or agreements; and
(3) if it is advisable to make capital improvements to the space, pay for making the capital improvements.

(b) The revenue obligations issued under Subsection (a) must be paid in their entirety immediately after issuance by using the proceeds of the concurrent sale of the space by the commission to a third party who agrees to lease the space back to the state with an option to purchase under the following conditions:

(1) the term of the new lease with an option to purchase agreement does not exceed the remaining term on the applicable existing lease with an option to purchase agreement, as of the date on which the transactions described by this section occur; and
(2) the cost to the state under the new lease with an option to purchase agreement is less than the cost to the state under the existing lease with an option to purchase agreement and the difference in cost justifies any costs incurred by the commission and the state in taking actions under this section with regard to the space.

(c) The commission shall obtain the approval of the Bond Review Board before issuing a sale and lease purchase revenue obligation under this section.

(d) Any sale and lease purchase revenue obligations issued by the commission under this section and any lease with an option to purchase agreement entered into under this section must be submitted to the attorney general for review and approval. If the attorney general determines that the obligation or agreement, as applicable, entered into under this section complies with this section, the attorney general shall approve the issuance of the obligation or the agreement, as applicable. On approval by the attorney general, the obligation or agreement, as applicable, is incontestable for any cause.

(e) A sale and lease purchase revenue obligation issued under this section is not a debt of the state or any state agency, is not a pledge of the faith and credit or the taxing power of the state, and may be paid only from the proceeds of the concurrent sale of the space to which the sale and lease purchase revenue obligation relates. A sale and lease purchase revenue obligation issued under this section must contain a statement to that effect.

(f) A lease with an option to purchase agreement entered into under this section must contain a statement that the agreement is not a debt of the state or any state agency and is contingent on continued legislative appropriations for making the lease payments.

USA_00223796
(g) This section expires September 2, 2008, except that this section is continued in effect after that date for the limited purpose of applying with regard to any transaction authorized by Section 2166.454 and this section that occurs before that date.

Sec. 2166.4542. PURCHASING CERTAIN LEASED SPACE. (a) Subject to Section 2166.454(b), the commission may purchase any or all of the space described by Section 2166.454(a) in accordance with this section and Chapter 1232.

(b) The commission shall request the Texas Public Finance Authority to issue revenue obligations to finance the purchase price of any or all of the space described by Section 2166.454(a) that the commission elects to purchase under this section. The authority shall issue the revenue obligations in accordance with subject to all provisions of Chapter 1232 applicable to revenue obligations, including all provisions relating to ensuring that the revenue obligations are paid, except that Section 1232.108(2) does not apply.

(c) The authority shall issue the revenue obligations in amounts sufficient to:

(1) pay the authority’s expenses in connection with issuing the revenue obligations;

(2) pay the purchase price of the space described by Section 2166.454(a) included in the request of the commission according to the terms of the applicable existing lease with an option to purchase agreement or agreements; and

(3) if the commission considers it advisable to make capital improvements to the space, pay for making the capital improvements.

(d) At the time that a building is purchased under this section, money specifically appropriated by the legislature to an agency occupying space in the building for lease payments under the applicable lease with an option to purchase agreement, or the money available to and budgeted by the agency for that purpose, shall be transferred to the commission and used by the commission only to make the required lease or rental payments to the authority during the remainder of the state fiscal biennium during which the building was purchased under this section.

(e) This section expires September 2, 2008, except that this section is continued in effect after that date for the limited purpose of applying with regard to any transaction authorized by Section 2166.454 and this section that occurs before that date.

(c) Once the executive administrator has approved a determination that a management plan is administratively complete has been made:

(1) the executive administrator may not revoke but may suspend the approval as provided by Subsection (g) determination that a management plan is administratively complete; and

(2) the executive administrator may request additional information from the district if the information is necessary to clarify, modify, or supplement previously submitted material, but and

(鑫) a request for additional information does not render the management plan unapproved incomplete.

(d) A management plan takes effect on approval certification by the executive administrator or, if appealed, on approval certification by the Texas Water Development Board.

(e) The district board may review the plan annually and must review and readopt the plan with or without revisions at least once every five years. The district shall provide the readopted plan to the executive administrator not later than the 60th day after the date on which the plan was readopted. Approval of the preceding management plan remains in effect until:

(1) the district fails to timely readopt a management plan;

(2) the district fails to timely submit the district’s readopted management plan to the executive administrator; or

(3) the executive administrator determines that the readopted management plan does not meet the requirements for approval, and the district has exhausted all appeals to the Texas Water Development Board or appropriate court.
(f) If the executive administrator does not approve the management plan, the executive administrator shall provide to the district, in writing, the reasons for the action. Not later than the 180th day after the date a district receives notice that its management plan has not been approved, the district may submit a revised management plan for review and approval for certification. The executive administrator’s decision may be appealed to the Texas Water Development Board. If the Texas Water Development Board decides not to approve the management plan on appeal, the district may request that the conflict be mediated. The district and the board may seek the assistance of the Center for Public Policy Dispute Resolution at The University of Texas School of Law or an alternative dispute resolution system established under Chapter 152, Civil Practice and Remedies Code, in obtaining a qualified impartial third party to mediate the conflict. The cost of the mediation services must be specified in the agreement between the parties and the Center for Public Policy Dispute Resolution or the alternative dispute resolution system. If the parties do not resolve the conflict through mediation, the decision of the Texas Water Development Board not on whether to approve the management plan may not be appealed to a district court in Travis County. Costs for the appeal shall be set by the court hearing the appeal. An appeal under this subsection is by trial de novo. The commission shall not take enforcement action against a district under Subchapter I until the later of the expiration of the 180-day period or the date the Texas Water Development Board has taken final action withholding approval of a revised management plan, the date the mediation is completed, or the date a final judgment upholding the board’s decision is entered by a district court. An enforcement action may not be taken against a district by the commission or the state auditor under Subchapter I because the district’s management plan and the approved regional water plan are in conflict while the parties are attempting to resolve the conflict before the development board, in mediation, or in court. Rules of the district continue in full force and effect until all appeals under this subsection have been exhausted and the final judgment is adverse to the district.

(g) In this subsection, "development board" means the Texas Water Development Board. A person with a legally defined interest in groundwater in a district or the regional water planning group may file a petition with the development board stating that a conflict requiring resolution may exist between the district’s approved groundwater conservation district management plan developed under Section 36.1071 and the state water plan. If a conflict exists, the development board shall provide technical assistance to and facilitate coordination between the involved person or regional water planning group and the district to resolve the conflict. Not later than the 45th day after the date the person or the regional water planning group files a petition with the development board, if the conflict has not been resolved, the district and the involved person or regional planning group may mediate the conflict. The district and the involved person or regional planning group may seek the assistance of the Center for Public Policy Dispute Resolution at The University of Texas School of Law or an alternative dispute resolution system established under Chapter 152, Civil
Practice and Remedies Code, in obtaining a qualified impartial third party to mediate the conflict. The cost of the mediation services must be specified in the agreement between the parties and the Center for Public Policy Dispute Resolution or the alternative dispute resolution system. If the district and the involved person or regional planning group cannot resolve the conflict through mediation, the development board shall resolve the conflict not later than the 60th day after the date the mediation is completed. The development board action under this provision may be consolidated, at the option of the board, with related action under Section 16.053(p). If the development board determines that resolution of the conflict requires a revision of the approved certified groundwater conservation district management plan, the development board shall suspend the certification of the plan and provide information to the district. The district shall prepare any revisions to the plan based on the information provided specified by the development board and shall hold, after notice, at least one public hearing at some central location within the district. The district shall consider all public and development board comments, prepare, revise, and adopt its plan, and submit the revised plan to the development board for approval certification. On the request of the district or the regional water planning group, the development board shall include discussion of the conflict and its resolution in the state water plan that the development board provides to the governor, the lieutenant governor, and the speaker of the house of representatives under Section 16.051(e). If the groundwater conservation district disagrees with the decision of the development board under this subsection, the district may appeal the decision to a district court in Travis County. Costs for the appeal shall be set by the court hearing the appeal. An appeal under this subsection is by trial de novo.
