May 10, 2014, Special Election.

There is no such thing as being at the wrong polling location on election day in Jefferson County. For this reason, one could vote at any countywide polling place (vote center). But could vote in his or her precinct polling location, but could vote on Election Day would no longer be required to vote in the county where he or she resides.

A countywide polling place on Election Day is one where any registered voter in the county may vote, just as in any countywide polling place a vote center is the same as a countywide polling place.

Jefferson County is a part of a countywide polling location program approved by the Texas SOS.
Remember, let's vote electronically

This should decrease the # of provisional ballots substantially

Situation when there are no DRE's online.

Paper ballots must be used for provisional voting or in an emergency at all polling locations.

Program is exclusive use of direct recording electronic (DRE) voting systems one of the requirements to participate in the countywide polling location.
Every polling location is equipped with an EA Tablet.

The voter will give the slip to the election clerk activating his/her ballot.

Present the qualification slip to the voter.

Write the precinct # for the voter.

Be sure to use your tablet to verify and sign in all voters.
If a voter is not listed in the EA table and resides outside the polling location, refer to your GreenBar Precinct List first, and if not found, call voter registration at 409-835-8683 to validate the voter or obtain the information necessary for the voter to vote a provisional ballot.

If a voter is not listed in the EA table and resides within the polling location, call voter registration at 409-835-8683 to validate the voter or obtain the information necessary for the voter to vote a provisional ballot.
Remember to post voter totals throughout the day.
Provisional Ballots

Any Provisional voter must vote.

The green envelope must be completely filled out by both the voter and the election judge.

Remember to flip the envelope over and mark the reason the voter is voting provisionally and affix your signature. If information is missing, the voter’s ballot may not be counted.

Provisional Voter Affidavit
