ATTACHED IS YOUR NEW DRIVER LICENSE/IDENTIFICATION CARD/ELECTION CERTIFICATE.

Please check your new attached card very carefully. If you find any errors, email DriverLicenseErrors@dps.texas.gov or call the Contact Center at (512) 424-2600. If there are no errors it is very important that you destroy your previous driver license or identification card. It is a violation of Texas State Law to have more than one driver license or identification card in your possession. If you are receiving an election certificate, this means you have no other form of valid identification in your possession.
