EXHIBIT 14
Declaration of Jose Garza

My name is Jose Garza. I am over the age of 18 and competent to make this declaration. I am counsel for the Mexican American Legislative Counsel, Texas House of Representatives, MALC. The legislators listed below, who are members of MALC, have advised me that – to the extent that any legislative privilege would apply -- they waive any and all legislative privilege with regard to legislative statements or actions that they have taken of which other individuals have personal knowledge and over all documents and other materials which they have turned over to counsel for MALC in connection with the pre-clearance litigation that relate to Texas Senate Bill 14 and all prior voter photo identification legislation considered by the Texas legislature. They further waive their right to invoke any possibly applicable testimonial privilege over any personal knowledge they may have that relates to Texas Senate Bill 14 and all prior voter photo identification legislation considered by the Texas legislature. Finally, they waive any and all possibly applicable privileges that have been or may be asserted in the future concerning their communications or those of their staff members with the Texas Legislative Council that relate to Texas Senate Bill 14 and all prior voter photo identification legislation considered by the Texas legislature, including any documents or other materials transmitted or otherwise exchanged between them or their staff members and the Texas Legislative Council.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Copies of the files have gone to the office of the attorney general and thus you will need to tell them about wanting to waive. You should talk to Stacey Napier in their office as to the procedures they want to use for a waiver.
