Plaintiffs,

vs.

SAM REED, in his official capacity as Secretary of State for the State of Washington,

Defendant.
Pursuant to 28 U.S.C. § 1746, I, Victor King, hereby declare as follows:

1. My name is Victor King. I was born in Hong Kong, and immigrated to the U.S. in 1983. I reside in King County, and I am currently registered to vote in Washington State.

2. Since January 2006, I have been the President of the Organization of Chinese Americans – Greater Seattle Chapter ("OCA-GS"), a Seattle-based organization dedicated to advancing the social, political, and economic well-being of Chinese Americans and other Asian Pacific Americans in the Pacific Northwest.

3. OCA-GS is a Plaintiff in this matter. This declaration is based on personal knowledge, except where otherwise noted.

4. OCA-GS, founded in 1995, has become one of the leading chapters of the national Organization of Chinese Americans ("OCA"), a nonpartisan nonprofit organization founded in 1973. OCA represents over 3,000 members and affiliates.

5. OCA-GS represents approximately 200 dues-paying members in the Greater Seattle area. We operate mostly using volunteer time, with 1 part-time paid staff member.

6. OCA-GS advocates on behalf of our members and the broader Asian Pacific American community, with elected officials and with the general public. We actively engage in many issues of interest to our clients. Among these issues are concerns involving voting rights – in particular, voting issues of concern to minority language communities, such as multilingual assistance available on touchscreen voting machines, and the implementation and reauthorization of section 203 of the Voting Rights Act.

7. Involvement in public policy formation and advocacy is central to our utility to our members and to the broader Chinese American and Asian Pacific American community.

communities. It is critical to these advocacy efforts that members of our community be recognized as active constituents of their elected officials. Voter registration is a crucial component of this process.

8. We regularly strive to ensure that as many eligible members as possible are registered to vote.

9. This year, as in the past, we plan to encourage our members and members of the Chinese American and Asian Pacific American communities in the Pacific Northwest to register to vote. We will hold seminars to inform the community, educating attendees about the importance of registration and about how and where to register. We will also conduct some direct registration of citizens – both members of OCA-GS and non-members – and we will also support the efforts of partners and other affiliated organizations to assist with voter registration in Asian Pacific American communities.

10. Many of the members of our community face particular difficulties in voter registration. For example, many Asian Pacific American citizens with whom we work have only limited English proficiency, and have difficulty with official forms.

11. OCA-GS is familiar with many common errors and inconsistencies in databases containing Chinese names. For example, prominent Chinese NBA basketball player Yao Ming is often described, in publications and broadcasts and other communications, as “Mr. Ming” – even though “Ming” is his given name, not his surname. Errors like these, in which the given name and surname are swapped, are especially common within the Chinese American community.

12. I have reviewed RCW 29A.08.107. I understand that, pursuant to state law, Washington State voters will not be registered to vote if the names, identifying numbers, and...
other personal information on a voter registration form are not able to be matched with data maintained by the State Department of Licensing or the U.S. Social Security Administration.

I understand that "matching" is an unreliable process. It is my firm belief that the risk of disenfranchising eligible members as a result of unreliable "matching" procedures is too high.

13. It is my firm belief that eligible members who attempt to register in 2006 will not be registered to vote because the Secretary of State is unable to "match" information on their voter registration forms.

14. When the information on the voter registration forms of our members is not "matched," we will have to divert substantial time and resources from other programs to attempting to resolve the "matching" problem on our members' behalf. In order to ensure that eligible members of the Asian Pacific American communities who wish to register are actually registered, we will have to devote additional resources to proactive education and outreach concerning voter registration to these communities, as well as to assisting individual would-be voters. These resources would otherwise be earmarked for activities unrelated to voter registration.

15. Even when this time and resources are diverted from other activities to address the consequences of the "match" process, it is my firm belief that the OCA-GS will not be able to ensure that members who attempt to register in 2006 with OCA-GS encouragement or assistance will be registered to vote by the end of the year.

16. I believe that Washington State's refusal to register eligible citizens for whom the Secretary of State is unable to "match" information to other government databases will result in the disenfranchisement of members whom the OCA-GS encourages and assists

to register to vote. Many of these members will be directly harmed by the
disenfranchisement. Moreover, this disenfranchisement will impede the OCA-GS's ability
to fulfill its organizational purposes, will frustrate its organizational goals and its efforts to
advocate on its members’ behalf and on behalf of the Chinese American and Asian Pacific
American communities, and will render OCA-GS staff time and resources spent on voter
registration useless.

17. If Washington State is not enjoined from refusing to register voters whose
information cannot be “matched,” OCA-GS members will suffer harm, and the OCA-GS
will suffer harm, as the voters of this state are disenfranchised. For this reason, we
respectfully request that this court grant the relief we so urgently need.
