Pursuant to Fed. R. Civ. P. 33, Plaintiffs Inter Tribal Council of Arizona, Inc., et al.,
request Defendants to answer each of the interrogatories set forth below, in writing under oath,
pursuant to the schedule established by the Court.

DEFINITIONS AND INSTRUCTIONS

As used herein, "you" or "your" refer to the above-named defendants upon whom these
requests have been served, and their respective offices.

Unless otherwise indicated, as used herein, "identity" or "identify" refers to the full
name, last known work and home address, telephone number, email address, and job title of an
individual.

As used herein, the "voting-related provisions of the Arizona Taxpayer and Citizen
protection Act" refers to A.R.S. §§ 16-152, 16-166, and 16-579 which were amended by the
ballot initiative passed in November 2004 commonly known as "Proposition 200."

These interrogatories shall be deemed to seek responses as of the date hereof and shall be
deemed to be continuing in nature up to and including the time of trial in this matter.

INTERROGATORIES

1. Identify each incident since January 1, 1996, in which (a) a non-United States
citizen was alleged to have registered to vote in your county; (b) a non-United States citizen was
alleged to have voted at a polling place in your county; (c) a non-United States citizen was
alleged to have voted in your county by early ballot pursuant to A.R.S. § 16-542(A); and (d) an
individual impersonated registered voter at a polling place in your county. With respect to each
such incident, please provide: (i) the name, last known address and telephone number of the
individual and whether the individual was lawfully in the United States at the time of the
incident; (ii) the date the individual was registered to vote and /or voted; and (iii) whether
criminal charges were filed against the individual and, if so, the case caption, court, docket
number and disposition.

Since January 1, 1999 we are aware of complaints that several non-citizens have
either attempted to register to vote or to case votes. The Complaint letters for June 28,
1999, July 1, 1999, August 26, 1999 and October 4, 1999 are attached regarding the non-citizens. Also, during the course of an investigation of a claim that a person voted twice in an election in Pima County, it was discovered that the suspected voter was not a U.S. Citizen. That complaint letter, dated November 7, 2002 is also attached hereto.

2. Identify all reports, studies or memoranda in the possession of your office that discuss or relate to the voting-related provision of the Arizona Taxpayer and Citizen Protection Act (“ATCPA” or “the Act”), amending A.R.S. §§ 16-152, 16-166 and 16-579, or the effect, impact or consequences of such provisions (including but not limited to any analysis of the number of individuals who lack an Arizona driver’s license or the other forms of identification required by the Act).

No such documents exist except those already provided in response to the Request for Production.

3. Provide the total number of voter registration forms in your county that have been submitted since the date of implementation of the amendment to A.R.S 16-152 set forth in the ATCPA (requiring that voter registration forms contain proof of United States citizenship), and of that total number provide the number that were (i) accepted (i.e., the applicant was registered), (ii) rejected due to the application form’s failure to contain satisfactory proof of citizenship as required by Proposition 200, and (iii) rejected for reasons other than the application form’s failure to contain proof of citizenship. If a breakdown of this information is available by month, and age, race and ethnicity of applicant, please provide that information.

We do not track voter registration forms based on age, race or ethnicity. Pima County does not track the number of voter registration forms rejected for reasons other than failure to provide proof of citizenship. Our procedure for handling voter registration forms that are incomplete (missing one or more of the following: Name, address, date of birth or signature) is as follows: Staff attempt to contact the voter by phone to obtain the missing information (except missing signatures). If they are able to contact the voter and get the missing information, the staff member will fill in the missing information and then process the form. If we are unable to contact the voter by phone to obtain the
missing information or if the missing item is the voter's signature, the voter is sent a letter advising them of the situation. The letter includes a new voter registration form that is pre-dated by staff to the date of the original submission by the voter. The incomplete form is then filed in a designated area for "trouble" forms. If the voter completes the new form and submits it to our office, the old incomplete form is removed from the trouble file and destroyed and the new form is processed. If the voter form contains no address or phone number, no letter is sent to the voter since we have no way to contact the individual. The only forms that remain in the "trouble" file are those without addresses or those where the voter did not respond to our letter seeking additional information. These forms are maintained in our office for a period of two years and then sent to the Pima County Record and Archives center for storage and destruction according to the records retention policies approved by the State Department of Libraries and Archives.

Pima County does not track the total number of voter registration forms received. We only track the number of voter registration forms that we were able to process and those that were rejected under the rules of Proposition 200. The Pima County Recorder's Office did not begin tracking registration forms rejected under Proposition 200 until April 20, 2005. However, all forms rejected prior to that date are included in the data recorded for April 2005 without any further breakdown available.

Since the effective date of Proposition 200 (January 25, 2005), the Pima County Recorder's Office has processed the following number of voter registration forms:

- January 2005: 800
- February 2005: 2,241
- March 2005: 2,456

**Total number of forms rejected for failing to provide any evidence of citizenship:** 3,460.
The following are the number of voter registration forms that were submitted from new voters in Pima County who wrote an Arizona driver's license number to establish citizenship. However, when the license number was submitted to the Arizona Department of Transportation, Motor Vehicle Division, the Recorder's Office was notified that the license number was either incomplete, belonged to someone other than the named person, or was issued on or before October 1, 1997. While these registrations were originally processed, once notification was received from MVD, the registrations were cancelled and the voters were required to provide additional documentation in order to establish citizenship:

April 2005 9
May 2005 7
June 2005 7
July 2005 9
August 2005 15
September 2005 29
October 2005 37
November 2005 23
December 2005 7
January 2006 16
February 2006 13
March 2006 25
April 2006 28
May 2006 26
June 2006 19
July 2006 23

Total processed forms rejected after MVD notification: 281

4. State the total number of voters who were registered in your county on the effective date of the amendment to A.R.S. § 16-166 and who, pursuant to A.R.S § 16-166(G), were deemed to have provided satisfactory evidence of citizenship and not required to resubmit evidence of citizenship unless changing voter registration from one county to another.
No voter registration total was processed on the effective date of Proposition 200. Voter total reports are not generated on a daily basis. The report generated in closest proximity to the effective date of Proposition 200 was run on January 31, 2005. On that date there were 457,299 registered voters on Active status in Pima County and there were 26,409 voters on Inactive status.

5. For each election conducted in your county since the implementation of the voting-related provisions of the Arizona Taxpayer and Citizen Protection Act, please state the number of registered voters who (a) voted by mail; (b) cast a regular ballot at a polling place; (c) were not permitted to cast a regular ballot at the polling place due to the failure to provide identification required by A.R.S. § 16-579; (d) cast a provisional ballot due to failure to provide identification required by A.R.S. § 16-579; (e) cast a provisional ballot and subsequently provided satisfactory proof of identification to the county recorder’s office; and (f) cast a provisional ballot that was not counted due to failure to provide identification required by A.R.S. § 16-579. In addition, please identify any analyses, reports or studies in your possession that address the above.

Pima County has conducted only one election since the proof of identification at the polls procedure went into effect. That election occurred on May 16, 2006 and consisted of a countywide Transportation Plan and Bond election. The Town of Oro Valley conducted its general election on the same date and both elections were consolidated into a single election.

Ballots cast by mail: 31,858
An additional 1,929 voters cast ballots at walk-in early voting locations.

The Pima County Recorder does not operate or oversee polling place activities or tabulate ballots. Those activities are conducted by the Pima County Division of Elections. The total number of ballots cast at the polling place would have to be provided by the Division of Elections. Based on the number of Provisional Ballots submitted to the Recorder’s Office for verification, we can provide the following:
Provisional ballots cast due to voter providing insufficient identification: 838.

"Conditional" provisional ballots cast due to the voter providing no identification: 128.

Number of voters who cast a Conditional Provisional ballot who presented appropriate identification within the time limits of the procedure: 12.

Number of Conditional Provisional ballots rejected since no identification was presented after the election: 116.

Please note that all persons who appeared with identification within the prescribed time period after the election presented valid and sufficient identification. No voter had to present identification more than once after the election.

6. Identify the forms of identification that have been deemed acceptable by your county to establish the identity of electors in accordance with the requirements of A.R.S. § 16-579(A).

The Pima County Recorder's Office does not operate or control the polling places. Acceptable forms of identification to be presented at the polls, in addition to those approved by the Secretary of State's Office would be designated by the Pima County Division of Elections. This office is separate from that Department and therefore cannot provide a response to this request.

7. Provide a breakdown of the number of voter registration applications submitted in your county since the date of implementation of the amendment to A.R.S. 16-152 (requiring that voter registration forms contain proof of United States citizenship), that were on (a) Arizona Voter Registration Forms, (b) Federal Mail Voter Registration Forms, and (c) other voter registration forms.

Voter registration form quantities processed are as follows:

Arizona Registration Forms received: 122,846.
Federal forms received: 113.
Please note that the Pima County Recorder’s Office does not track the general federal voter registration form separately from the Federal Post Card Application voter registration form. Therefore the number of federal forms received includes both types of forms and we have no way of separating that number further. In addition, the Pima County Recorder’s Office does not track the type of form received for incomplete forms or for forms that are rejected pursuant to Proposition 200.

8. Provide the identity of individuals who submitted voter registration application forms in your county since the date of implementation of the amendment to A.R.S. § 16-152 whose applications were rejected due to the failure to provide satisfactory proof of citizenship as required by § 16-152.

The Pima County Recorder’s Office objects to this interrogatory as unduly burdensome. The Recorder’s Office does not track the rejected voter registration forms by voter or keep any list identifying voters who submitted these forms. Creating such a list solely for purposes of this litigation would be unnecessarily time consuming and expensive.

The Recorder’s Office has segregated all voter registration forms that were rejected under Proposition 200. Those forms are available for inspection during regular business hours upon providing a minimum of 24 hours advance notice to Christopher J. Roads, Chief Deputy Recorder in order to make certain that adequate space is available to review the forms. Mr. Roads can be reached at (520) 740-4340.

9. Provide the identity of voters registered to vote in your county who, since the implementation of the voting-regulated provisions of the Arizona Taxpayer and Citizen Protection Act, (a) were not permitted to cast a regular ballot at a polling place provisional ballot due to the failure to provide identification required by A.R.S. § 16-579; (b) cast a provisional
ballot due to failure to provide identification required by A.R.S. § 16-579; (c) cast a provision ballot and subsequently provided satisfactory proof of identification to the county recorder’s office; and (d) cast a provisional ballot that was not counted due to failure to provide identification required by A.R.S. § 16-759.

The Pima County Recorder’s Office is unable to provide the information requested. Once provisional ballots are processed, the provisional ballot forms become voter registration forms that are entered into the computer database and then filed in a central filing system in alphabetical order based on the voter’s name. The forms were counted at the time of the election for statistical purposes, but once the election was completed, the forms were processed in accordance with the normal practices of the office. That processing was completed more than a month prior to the date of the interrogatories.

10. Identify each and every person whom you intend to call as a fact witness at the trial of this lawsuit or any other evidentiary hearing, including a hearing held pursuant to a motion for preliminary injunction, convened for the purpose of addressing the claims raised in plaintiffs’ complaint.

Fact witnesses: See Attorneys

11. Identify each and every person whom you intend to call as an expert witness at the trial of this lawsuit or any other evidentiary hearing, including a hearing held pursuant to a motion for preliminary injunction, convened for the purpose of addressing the claims raised in plaintiffs’ complaint. Identify the subject matter(s) as to which the expert(s) will be providing testimony or opinions.

Re: Illegal Voter Registration
Elva Adame Parra

Dear Barbara:

On August 26, 1999, I wrote to you concerning a number of individuals who had registered to vote but later indicated that they were not citizens of the United States. One of the individuals included in that report was Elva Adame Parra, DOB 11-14-1942. It is my understanding that this matter is still under investigation. We had previously cancelled that voter registration.

On September 28, 1999, my office received another voter registration card from Elva Adame Parra. She has once again attempted to register to vote.

Enclosed is a copy of the voter registration affidavit she submitted to our office.

Should you have any questions concerning this, please feel free to contact me.

Sincerely,

Re: Illegal Voter Registration
    Illegal Voting by Unauthorized Persons

Dear Barbara:

As you are aware, this office has been taking an active role in trying to make certain that the Pima County voter registration rolls are as accurate as possible. During the course of those activities, we have received information that a number of individuals have registered to vote despite not being citizens of the United States. In addition, a number of these individuals have also voted.

The act of registering to vote by a person who is not a citizen of the United States is prohibited by A.R.S. §16-182, a class six felony. If that person also votes, the offense is a class five felony, A.R.S. §16-1016(A)(1). Some of the voter registration affidavits completed by these individuals stated that the persons were in fact born in the United States. Filling out the affidavit falsely is classified as either a class five felony offense, A.R.S. §16-184, or could be considered forgery under A.R.S. §13-2002, a class four felony.

Since these issues present possible felony offenses occurring in Pima County, I am forwarding this information to you to determine if prosecution is appropriate.

First, on August 24, 1999, Irma Isabel Esquivel came to our office and asked that we cancel her voter registration because she was not a citizen of the United States. Sandy Reilly of this office dealt with Ms Esquivel. We require a signed written request for anyone to voluntarily cancel his or her voter registration. Ms. Esquivel provided a written request and stated in that request that she was not a citizen of the United States. Identification in the form of an Arizona driver’s license was obtained, to verify that we were dealing with Ms. Esquivel. We ran a check of Ms. Esquivel’s voting history and discovered that she voted in the 1994 General Election and in the 1996 General Election. Enclosed is a copy of her written request.

We will keep the original cancellation request, a copy of the driver’s license, the original voter registration affidavit and the voting history information in our office.

This office has also made arrangements to exchange information with the Jury Commissioner of the Pima County Superior Court. The Jury Commissioner uses the voter registration records as part of
their database to gather qualified jurors. As part of the jury selection process, potential jurors are requested to respond to an initial questionnaire to determine their eligibility to serve. One of the questions asked is whether or not the individual is a citizen of the United States.

In voter registration matters, federal law precludes us from asking anyone if they are actually citizens of the United States nor can we request documentation of citizenship. We are required to accept what the individual lists on their voter registration form unless we have other evidence to question the validity of the form. That is the reason that the Legislature adopted criminal penalties for illegal voter registration. The questionnaire from the Jury Commissioner is sufficient evidence to question citizenship.

Earlier this year, the individuals listed in the attached report each responded to the Jury Commissioner’s questionnaire and stated that they were NOT citizens of the United States. This information was forwarded to our office by the Jury Commissioner. The Recorder’s Office then sent each individual a letter asking them to verify the accuracy of the information they provided to the Jury Commissioner. None of the listed individuals responded to our request. As a result, their voter registration was involuntarily cancelled.

Once the registration was cancelled, we checked voter history records to determine whether any of these individuals actually voted in any election. We discovered that a number of these individuals actually voted in various elections. We also reviewed their voter registration forms and discovered that a number of them listed their places of birth as inside the United States despite reporting to the Jury Commissioner that they were not citizens.

The attached report groups these individuals according to whether or not they voted and whether or not they listed a United States place of birth on their voter registration affidavit. The addresses listed are the same addresses used by the Jury Commissioner to send the questionnaire.

We will maintain the original voter registration cards on these individuals should any investigator need to review them.

Thank you for your attention to this matter.

Sincerely,

PIMA COUNTY RECORDER’S OFFICE

Re: Illegal Voter Registration and Illegal Voting
Jose Luis Ojeda
DOB: 5/17/1961
Registration number: 1093366

Dear Barbara:

I have been provided information that the above named individual registered to vote and actually voted in three elections despite not being a citizen of the United States. I am referring this matter to you for review to determine if prosecution is appropriate under A.R.S. §16-182, a class six felony, and/or A.R.S. §16-1016(A)(1), a class five felony.

On June 29, 1999, Mr. Ojeda came to the Recorder’s Office and requested that his voter registration be cancelled since he is not a citizen of the United States. His voter registration card was pulled and it was discovered that Mr. Ojeda had registered to vote on December 22, 1995. An individual who works as a paid circulator had assisted him in registering at that time.

A records check through our election files was conducted and it was determined that Mr. Ojeda had actually voted in three elections, the 1996 General Election, the 1997 City of Tucson General Election and the 1997 County General Election. The 1997 elections were held on the same date, but the City handled its own election separately from the County. Mr. Ojeda would have voted two separate ballots on that date.

Although Mr. Ojeda was initially evasive about being registered, he did admit to the staff at this office that he had voted in the elections. Mr. Ojeda advised the staff that he had recently applied for citizenship and was concerned that they would discover his voter registration and that this might hinder his citizenship process. After he provided us with identification and a written request to cancel his registration, it was cancelled.
The two members of the Recorder's staff who dealt directly with Mr. Ojeda are Lily Shafer and Ida Moody.

I am enclosing copies of Mr. Ojeda's voter registration card, his Arizona driver's license, the voter history file, the request for cancellation and Lily Shafer's memo to me concerning this incident. I will maintain the originals of these documents.

I would note that this is the second individual to come forward to this office within the past week to request that their voter registration be cancelled because they were not citizens. Both advised our office that they had citizenship applications pending. On the national level, voter registration offices have seen an increase in non-citizens registering to vote and actually voting in elections. In fact, in one California congressional race, results were voided because of the large amount of illegal registration and voting by non-citizens in that district. Voter registration offices around the country are therefore carefully reviewing this problem.

Should you need any additional information concerning this matter, please feel free to contact me.

Sincerely,

PIMA COUNTY RECORDER'S OFFICE

MEMORANDUM

To: Chris Roads, Registrar of Voters

From: Lily Shafer, Voter Registration

Date: June 29, 1999

Subject: Joe Ojeda Voter Cancellation

At approximately 12:00 PM today, Joe Ojeda and his wife came into the office. Mr. Ojeda requested that his voter registration be cancelled because he was not a US Citizen. Ida Moody pulled up his voter file and we discovered that he had voted in three elections. When I asked about this, Mr Ojeda responded that he didn't know you had to be a citizen to vote; he thought you merely had to be a long time resident. More than this, Mr. Ojeda was not willing to reveal. He was very evasive about the registration experience and not forthcoming with any other information either. I confirmed his address and telephone number and indicated that I would pass the information to you.

After I spoke to you, I telephoned Mr. Ojeda and requested he either stop in and write a statement requesting voter cancellation, or mail us a notarized statement. Mr. Ojeda came back to the office at 3:00 PM and wrote the statement attached. After I took a copy of his ID he was much more forthcoming about this entire situation. He indicated that he had taken out paperwork for citizenship and that this was a question asked. His concern was would he show up as a voter if someone checked our records? I stated that his name would come up as a voluntary cancellation. As an aside, his wife indicated that Mr. Ojeda really did enjoy voting!

I have instructed Ida, Sandy and Jeanne as to the procedure to follow should this situation again occur and you were not available.

Re: Voter Registration Fraud
Jose Manuel Camacho
DOB: 4/2/1974
Voter ID: 1644965

Dear Barbara:

Last week, we became aware that the above named individual, although not a citizen of the United States, had registered to vote. This is a potential violation of A.R.S. §16-182, a class six felony. We are therefore referring the matter to you for review to determine if prosecution is appropriate.

Mr. Camacho called our office last Friday morning indicating that he had received a jury summons even though he is not a citizen of the United States. He stated that he had contacted the Jury Commissioner and was advised that he appeared on their juror list because he was a registered voter. He then called our office.

Mr. Camacho told me that he had not registered to vote and would not have done so since he is not a citizen. He confirmed that the information contained on the Voter Registration card, including the last four digits of the social security number, full name, address and date of birth all matched his identification. Mr. Camacho stated that he would come to the office to review the signature to see if it was his.

Approximately 45 minutes later, Mr. Camacho appeared in my office. Before showing him the registration card, I requested his driver’s license and also asked him to sign his name several times on a sheet of paper. He produced the identification and did give me four signatures. While Mr. Camacho denied signing the voter registration card, he did admit that the signature on the card was similar to his own. A comparison of the exemplars with the voter registration card also indicates a strong similarity.
At my request, Mr. Camacho provided a written request that his registration be cancelled and it has now been cancelled.

During the conversation, Mr. Camacho informed me that he was a resident alien and had recently applied for his United States citizenship. That application is still pending.

I had a computer search of Mr. Camacho’s voting record conducted. That search indicated that although he has been registered since 1997, Mr. Camacho has not voted in any election.

I am enclosing copies of his voter registration card, the signature exemplars, his driver’s license and the request to cancel his registration. I will maintain the originals should they be needed in the future.

Thank you for your attention to this matter. Should you need any additional information, please feel free to contact me at 740-4340.

Sincerely,

Christopher J. Rodas
