New Ideas for Resolving Identity-Based Conflict

In the United States, we turn to courts, administrative agencies, and the political process to resolve problems. However, these institutions can be slow, and the end result is often unmet needs. This symposium will bring together interdisciplinary scholars from around the world to generate new ideas about how to build institutions that are responsive to identity-based conflict.

This event will appeal to students of identity-based conflict from the perspectives of law, social science, anthropology, and international studies.

One of the purposes of this symposium is to bring together scholars engaged in the study of identity-based conflict in order to identify gaps in research and to develop new questions. One of the potential questions that will be addressed is how to integrate multiple perspectives into the design and implementation of conflict resolution institutions.

The symposium will bring together a diverse group of scholars, including:

- Amanda Bryan, University of California, Berkeley
- Michelle Alexander, University of California, Berkeley
- Sarah Rudolph Cole, Ohio State University
- Ellen E. Deason, Ohio State University
- Richard Herrmann
- Michael Hamilton
- Hagit Lernau
- Gareth Newham
- David Weisburd

The symposium will begin with a keynote address by Richard Herrmann, who will discuss his research on the role of identity in conflict resolution.

The symposium will include plenary sessions on the following topics:

1. **Limiting Principles in the Context of Transition**
   - Gareth Newham, Ntsiki Sandi, David Weisburd

2. **Consequential Harms and the Rule of Law: Liberty, Justice, and Achieving Educational Equity in California Public Schools**
   - Ellen E. Deason

3. **New Ideas for Resolving Identity-Based Conflict**
   - Richard Herrmann

The symposium will conclude with a panel discussion on the future of identity-based conflict resolution.

The symposium will be held at the Ohio State University Moritz College of Law, and will be open to the public. Registration information will be available soon.
