MEMORANDUM

TO: Moritz Students

FROM: Anne Ralph
Associate Dean for Academic Affairs

DATE: August 13, 2020

RE: Student Attendance Policy

We, the undersigned faculty members, announce that we expect regular and punctual class attendance and preparation for class in the courses we teach, regardless of format, in conformity with the requirements of College Rule 9.08* and ABA Standard 308. We reserve the right to sanction a failure to meet these expectations by exclusion from the course in question, by reduction in course grade, or by memorandum to a student’s file.

This attendance policy encourages students to follow public safety and health guidance during the COVID-19 pandemic; no negative consequences will result from COVID-19-related absences. A student who becomes ill, who needs to care for someone who is ill, or who experiences other COVID-19-related hardships affecting class attendance should contact Assistant Dean Darren Nealy for assistance with appropriate accommodations.

*College Rule 9.08. Class Attendance. A faculty member may establish a rule of attendance by announcement no later than the first week of the semester. Continued enrollment may be conditioned upon compliance with the rule of the faculty member and the final grade adjusted for noncompliance with the rule. Whether or not a faculty member has established a rule of attendance, continued enrollment is conditioned upon and the final grade may be adjusted for failure to comply with the rules and regulations of the University and of bar-admitting authorities or with the standards of accrediting organizations.
