

MORITZ COLLEGE OF LAW

STUDY ABROAD WHILE AT MORITZ

The Office of International and Graduate Affairs offers many opportunities for students to travel, study, and work abroad. Global competency and an appreciation for cultural diversity are imperative skills that lawyers need to possess and meaningfully cultivate in order to be effective advocates, thought leaders, and citizens in today's deeply interconnected world. Through study abroad and exchange programs, highly qualified law students are able to sample vast academic and cultural programs and return home armed with an enriched understanding of the law through a transnational lens.

FUNDING OPPORTUNITIES

VOGEL INTERNATIONAL FELLOWSHIP

This fellowship was created in 2005 by Moritz alumnus Stephen Vogel '78. These endowed funds are used to encourage Moritz students to engage in international opportunities. Each year, several awards of up to \$1,000 are granted to need- and merit-based applicants participating in one of the College's sponsored education abroad programs.

INTERNATIONAL SUMMER SERVICE FELLOWSHIPS

The Finn Summer Fellowships enable three Moritz J.D. students to devote eight to ten weeks to public interest training and legal service outside of the United States with a one-time, non-renewable stipend of \$7,000. These fellowships were made possible by the support of Mike '67 and Janet Finn, longstanding partners in the public interest training and global service visions of the law school. The Finns also support a year-long, international public interest fellowship for a recent law graduate.

OXFORD SUMMER PROGRAM

- » Oxford, England
- » Six credits

The University of Oxford-The Ohio State University Summer Law Program is over 30 years old, making it one of the oldest overseas law programs in existence. The program is limited to 65 participants and offers students the unique opportunity to study with faculty from both the University of Oxford in England and Moritz. Students learn about the British and American legal systems through a combination of class work, guest lectures, and excursions throughout Oxford and London. The program houses students in private rooms at St. Anne's College and provides them with full board—three meals a day, seven days a week. Participants can choose from among five different courses and earn up to six hours of credit toward their law degrees. Tuition costs are kept low for a study abroad program of this scope, making our summer of study in Oxford an excellent value.

THE OHIO STATE UNIVERSITY
