Congressman Steve Driehaus is threatening my organization with a criminal statute in a desperate attempt to silence us. Steve Driehaus doesn’t want you to know the truth. But you deserve to hear it. Steve Driehaus voted for taxpayer funding of abortion when he cast his vote for the health care reform bill. Every major pro-life group in the country agrees that the health care reform bill allows for taxpayer funding of abortion including National Right to Life, Americans United for Life, Ohio Right to Life and the United States Conference of Catholic Bishops. We will not be silenced or intimidated. Driehaus voted for taxpayer funding of abortion, and that vote has consequences.
