Subject: RE: Absentee voting

It looks as though the ballot by mail cutoff for the PPP will be on Friday, according to SOS. After that we will move to the May ballot, which will have President on it, if you didn't vote early, and if you voted early, no President contest on the ballot.

We expect that at the minimum all voters over 60 will receive a ballot by mail application. That's after talking to people at the State. We may send one to every registered voter in order to avoid contact between poll workers and people. It could be that the May election goes all mail if this situation gets worse. It may be the smartest thing to do the May election by mail since we have no idea when this is going to end. We'll see. The SOS has some working there advocating for ballot by mail apps to everyone.

Director, will we maintain the absentee by mail voting cutoff date and time for the PPP? Assume the new May Primary Ballot will be inclusive of the PPP candidates along with all qualified Primary candidates to be ready for EV in late April.
