Use your Station Guide

Unreported Move (Incorrect Address) Guidance

If the address stated by the voter does not match the voter's address on record:

- Confirm that you pulled up the correct voter record, according to the voter's name.
- If you have the correct voter record, ask voter if he has moved.
- If voter indicates he moved, ask voter for his previous address.
- If the previous address matches the address in the voter's record, ask the voter for the date of the move.
- Determine ballot style based on the address where the voter will have resided 30 days prior to the date of the election.
