**Qualifications to Vote**

**How to Register to Vote**

**Voter Registration Deadline**

The deadline to register to vote in North Carolina is **25 days** before the date of an election. The voter registration application must be received by the applicant's county boards of elections by this date. If an application is received after the deadline, the application may still be timely *if* it was mailed and it is postmarked on or before the voter registration deadline; otherwise, the application will not be processed until after the election. Persons who register at the North Carolina Division of Motor Vehicles or another voter registration agency will be considered registered as of the date the application is given to the agency. As long as this date is on or before the voter registration deadline, then the application will be deemed timely for an upcoming election.
