Subject: RE: One-Stop voters, by day, 2008, 2010, 2012

I couldn't find the one you sent this morning. Did you send it to his personal account?

I sent the one stop by day yesterday and the same day registration data this morning. The data for the pre-registrations is a little more difficult to understand so I sent a message to Rep. Lewis that I would be happy to explain what info we had on this issue. I can do the same for you if you like.

Thanks-
Kim

Kim,
Any luck on this one yet?

Working on this one. Will try to have it for you early in the morning. Sorry. Also, working on getting same day registrations that were made inactive.

We don't have the data on each county's costs per day. Lots of factors that are county specific go into that calculation.

Sorry for the delay.
Kim

Kim,

We you able to get the numbers on the amount of pre-registered voters who were moved to the inactive roles after they turned 18?

Let me know if I can provide anything further, Kim. I'll also include the usual disclaimer that this is information provided from the counties, which may contain inaccuracies due to technical issues such as misclassification of votes by counties.

Thanks,
