OSU law students can be found living in all quadrants of the city, from German Village to the suburb of Dublin, and from northeast Columbus to on-campus housing. However, there are several areas in which a majority of law students reside because of the variety of convenient and affordable housing options. These are listed below for your consideration.

If there are specific apartment complexes or realtors for a neighborhood, they are listed beneath the neighborhood description. At the end of the document, there are many general sites you can search, which are served by many realtor companies and individual property owners from all over the city. You may want to reference Google Maps or search online for a map of Columbus so you can consider transportation (if needed) to and from the Moritz College of Law. The local transit company is called COTA and you can search for routes and distances on their website. In addition, if you decide to live on campus, the university’s transit service CABS’s website will also be a useful site for you to explore. Keep in mind that the university fees that you will pay will include transport costs, so you will be able to ride both COTA and CABS buses at no additional cost to you.

*The Ohio State University Moritz College of Law does not, in any way, make any recommendations, representations or warranties with regard to housing.*

**BE SMART WHEN YOU LOOK FOR HOUSING**

1. Find out what is included in rent. Do you need to pay for utilities separately? Or are they included? How much do the utilities generally cost if they are not included?
2. Check out the crime statistics in the neighborhood you are looking to move into by visiting raidsonline.com.
3. Take time to get to know the people you will be rooming with. Exchange emails, find out about their personal and study habits, and make sure you have compatible personalities.
4. Avoid rental scams – make sure to check out the reviews for the company you are renting from. Before sending money, make sure that the company or person is legitimate.
5. See how your landlord is ranked by previous tenants in the USG Renter’s Guide. The latest USG Renter’s guide can be found on The Undergraduate Student Government’s website.
6. If you are in Columbus, visit the apartment before signing the lease. If you are out of the country, right before you move in, check the apartment and document any damages that were there prior to you moving in. Keep a copy of the photos and list of repairs and give a copy to the landlord.
ON-CAMPUS HOUSING OPTIONS (UNIVERSITY HOUSING)—INDIVIDUALS -
HTTP://HOUSING.OSU.EDU/

Graduate housing applications can be accepted at any time during the application process. Your housing application will be placed in the queue. After you have been accepted and made your deposit online, you can expect to receive a lease offer via email from the Housing Office based on your place in the queue. This is done until all spaces are filled. Offers typically are sent several months before your first term begins. Therefore, it is to your advantage to apply as early as possible in the process!

Graduate housing residents can opt to participate in the meal plan on campus, if they prefer not to cook for themselves. You can learn more about the costs at https://dining.osu.edu/dining-plans/.

You can request roommates, but you must do so in writing, separate from the online application form. You can email the office at housing@osu.edu.

OFF-CAMPUS HOUSING IN NEARBY NEIGHBORHOODS

https://offcampus.osu.edu/off-campus-living/

On the Off-Campus Living Website, you will find lot of great resources. We encourage you to read through the website thoroughly to see if there are any resources you are interested in utilizing, such as the roommate search and leasing tips.

Below is a description of neighborhoods near campus, where many law students choose to live. You will note that we do not have specific apartments listed for all of these neighborhoods; we have listed only those with which our students have had the best experiences. However, you do not have to limit yourself to those options.

Your most important considerations will be cost and proximity. Some apartments are served by the city bus service (COTA); for others, you will need to have a car. University Village has its own shuttle service to campus, which is very helpful.

The Short North is often crowded on weekends, particularly during the monthly "Gallery Hop" and other local and downtown events. It is heavily populated with art galleries, specialty shops, pubs, nightclubs, and coffee houses. Most of its tightly packed brick buildings date from at least the early 20th century, with traditional storefronts along High Street (often with brightly painted murals on their side walls), and old apartment buildings, row houses and newer condominium developments in the surrounding blocks. It is a quick bus ride or bike ride to campus and very popular with students who like to walk to places.

The outdoor music venue Lifestyle Communities (LC) Pavilion and the Arena Grand movie theater are also located here. An interesting fact: before its creation, the area was home to the closed-down Ohio Penitentiary, built in 1834 and demolished in 1998. It is a quick bus or car ride away and is primarily home to young professionals.

IMPORTANT CONSIDERATIONS

SOCIAL SECURITY NUMBERS
A Social Security Number (SSN) is a unique, 9-digit number used for taxpayer identification, income reporting and record-keeping purposes. The Social Security Administration (SSA) issues the SSN.

Please note that some off-campus rental properties will not rent to students that do not have a Social Security number. Most housing near campus, including University Village, Uncommon Columbus, Clintonville Apartments, and the Highline at Nine **will** all accept international student applications without social security numbers. Others may as well. It is advised to contact the apartment management company
directly to confirm they accept applications from international students without social security numbers.

You may apply for a Social Security Number if you are employed in the United States. Students on student visas who are not employed on campus will not be eligible to apply for an SSN. Once issued, the number is valid for one's lifetime.

**PRICING**
The prices listed in this guide are approximate and based on information listed on the websites of various apartment management companies as well as prices from previous years. Please confirm pricing information before applying for a rental property.

**NOISE**
Please note that you may hear more noise and more activity at night the closer you live to High Street and the campus area. If you prefer a quieter setting with less foot traffic or an area more suitable for families, it may be best to consider finding housing that is farther away from campus on one of the neighborhoods recommended above.

**PUBLIC SCHOOL SYSTEMS FOR KIDS BETWEEN 5-18 YEARS OF AGE**
In the United States, free public school is available for children above the age of five. School districts are funded from the city’s property taxes (in general), and where children go to school is determined by the address of the property where they live. If you have children who will be attending school while you are here (above age 5), you must call the district to be sure that your address falls into that particular district. Nearly all neighborhoods listed here will fall within Columbus City Schools (www.columbus.k12.oh.us), Please note that some Columbus City Schools do not have the best performance scores. If you are very interested in the quality of the schools your children will attend, please note that the following school district are outstanding:

- Dublin Schools [https://www.dublinschools.net/](https://www.dublinschools.net/)
- Grandview Heights [http://www.grandviewschools.org](http://www.grandviewschools.org)
- Hilliard Schools [https://www.hilliardschools.org/](https://www.hilliardschools.org/)
- Upper Arlington Schools [http://www.uaschools.org](http://www.uaschools.org)
- Worthington Schools [https://www.worthington.k12.oh.us/](https://www.worthington.k12.oh.us/)

**CHILDCARE OPTIONS**
If you have children younger than five, please contact us directly. You will need to consider childcare, which is costly. We can discuss various options with you. Below are some outstanding childcare options, but please note that you need to apply as soon as possible as waiting lists can be several months.
